Population In GC to Top Alton By 1970

Projected Growth in
Next Four Years to
Set Census at 51,774

A projected population growth pattern that should give Granite City a census of 51,774 in 1970 is among factors contained in an extensive planning report by the Southwestern Illinois Area Metropolitan Planning Commission.

The report, final phase of which was prepared early this week, climaxes two years of study and statistical tabulations.

On the basis of statistics contained in a phase of the report on population trends, Granite City will outstrip Alton in population, although by a small margin, within the next four years.

The projection establishes Alton's population of 51,688 by 1970, an increase of only 464 persons over the 1965 Alton population estimate of 51,224.

GC to Go Up 3747
Projections for Granite City, however, show the population is expected to jump from a 1965 estimate of 47,927, which is computed on the basis of past population trends, to the 51,774 figure by 1970, an increase of 3747.

In past years, the population of Alton has exceeded that of Granite City except in 1955 when Granite City had a special census. In 1950, the census gave Alton a population of 32,350 compared to 29,465 in Granite City. The official 1960 census gave Granite City 40,973 and Alton 41,947.

Computations made by SWIMAPC statisticians list unofficial 1965 census figures at 51,224 for Alton, an increase of 8177 during the five-year period of 1960 to 1965, an increase of 7854 during the same period.

Madison-Venice to Drop
Madison and Venice population is expected to decline by 1970, continuing a pattern that has been consistent since 1950, when the official census gave the two cities a combined population of 12,241.

The 1965 population of Madison and Venice is fixed in the report at 11,794. This is expected to drop to 11,305 in 1970, a decline of 489 below the 1965 figure.

County Figures
For the county as a whole, the 1970 population is expected to jump to 239,728, an increase of 44,603 over the 1965 figure. Projected figures for St. Clair county as a whole fix the 1970 population at 336,275, compared to 300,627 for 1965, an increase of 55,638 over the five-year period.

The Edwardsville population for 1970 is projected at 12,249. For 1965 it was fixed at 10,826; in 1960 at 9996 and in 1950 at 8776.

East St. Louis has a projected increase between 1965 and 1970 of only 1379 persons. The report shows the 1965 population at 53,061 and the projected 1970 population at 54,440. In 1960 East St. Louis had an official census figure of 52,295, with a drop to 51,712 in the 1960 official census.

Dr. Koch Is Illinois Mother Of Year

National Competition
Scheduled in May;
Receptions Planned

A public reception will be held in Granite City Sunday, April 24, to honor Dr. Felicia Koch, Quad-City area physician and mother of six children, who was chosen Mother of the Year.

Dr. Koch's selection as Illinois Mother of the Year was unanimous by members of the Illinois branch of the American Mothers Committee, Inc. of New York. Dr. Koch becomes one of 50 finalists, one from each state of the Union, from among whom the National Mother of the Year will be chosen during the week of May 1.

The reception to honor Dr. Koch will be held in the Elks club from 3 to 5 p.m. Arrangements for the affair are being made by Eugene Alausi, Mrs. Betty Walls and Mrs. Nina Bigley. Mrs. Bigley submitted the nomination of Dr. Koch to the American Mothers Committee, with the support of the Business & Professional Women's Club.

Dr. Koch was the winner of an Illinois-Missouri Metropolitan area women's achievement award for 1965, and among local honorees bestowed upon her were the presentation of a citation by the Granite City council and presentation of a key to the city by Mayor Donald Partney.

Organized Child
Dr. Koch, who helped organize the immunization clinic for indigent children at St. Elizabeth Hospital, lives at 1821 Eden avenue, said she is looking forward to the trip to Washington, D.C., and a visit to the White House as one requirement of her selection as U.S. Mother of the Year.

Press Operator Hurt
At General Steel
Charles Brewer, 62, of 2429 Delmar avenue, a press operator at General Steel Industries, Inc., is reported in good condition today at St. Elizabeth Hospital, where he was admitted Monday after sustaining crushing injuries to his right hand in a mishap at work.

According to a company spokesman, Brewer was directing placement of a casting on a press when his hand was caught between the load and an adjacent post.

20-Year Hospital Expansion Program to be Outlined Friday

The 20-year, multi-million dollar expansion and modernization program being proposed for St. Elizabeth Hospital will be outlined in detail for about 150 civic, business, labor and industrial leaders tomorrow evening at a dinner at the hospital.

Sister Mary Thomas, hospital administrator, said the long-range plan for the hospital to meet community health needs will be explained in detail by Dr. Anthony Rourke, hospital consultant of New Rochelle, N.Y.

In advance of the dinner meeting the hospital's governing board and lay advisory board will meet with Dr. Rourke to go over methods of financing the program over the 20-year period. Estimate of the cost of adding about 100 beds, relocation of various departments, property acquisition and modernization of

other facilities has been placed at \$5,000,000 to \$6,000,000. Basically, the plan calls for a seven-level addition to be built along Iowa street on hospital property and the eventual demolition of the 1931 structure which faces Madison avenue. That older section of the hospital is termed as being too costly for modernization under present standards.

Seven-Level Addition
The seven-level addition along the west side of Iowa street would include operating and recovery room suite along with 12-bed intensive care department on the first floor, while the second floor would contain 26 beds for obstetrics, nurseries and the third floor would have 50 beds for medical and surgical cases as would the fourth floor,

3 County Races on Democrat Ballots

Competition Looms for
Sheriff, Treasurer,
Schools; 3 GOP Filings

(Related Story on Page 26)

Three Republicans and two Democrats filed petitions Monday for nomination to county offices as the filing period closes. The final withdrawal date is Saturday.

There will be competition for three Democratic positions on June 14 primary election ballot as four candidates have filed for sheriff, three for treasurer and two for superintendent of schools.

Miss Eulalia Hotz, incumbent county clerk from Edwardsville, will be unopposed on the Democratic ballot for re-nomination. They are Walter Emde for sheriff, James Bailey of Alton for superintendent of schools and Pete E. Fuchs of Godfrey for treasurer. No GOP candidate has filed for county clerk.

Emde, who resides at 1249 Niedringhaus avenue, is a used car salesman for a Collinsville auto agency and formerly was employed by the Rasmussen Collection Agency here. He has been a candidate for political office in the past.

Sheriff Candidates
Democratic candidates for sheriff are George Ramach, Madison, chief deputy sheriff, George Musso, Edwardsville, former sheriff and current treasurer; Capt. Louis Bowman, Alton, the sheriff's former chief investigator; and Frank Harris, Granite City policeman.

For treasurer, Stephen Kennedy, Alton, a member of the county board of supervisors; John Maera, Madison, chief administrative deputy county clerk; and Pete Perica, Alton, a member of the county board.

For superintendent of schools, Russell Harvey, Madison, a Rosana grade school principal, and Wilbur Trimpe, Bethalto, incumbent.

TRAIN DERAILMENT on the Illinois Terminal Railroad's main line adjacent to Route 35 (foreground) near the Sand Prairie area Tuesday night in which 19 of a string of 92 freight cars left the track, knocking out 300 feet of rail. Several cars were shoved close to the highway but traffic was not blocked and no one was injured.

19 Rail Cars on ITR Train Derailed Near Sand Prairie

(Additional pictures on page 14)

Nineteen railroad cars of a 92-car Illinois Terminal Railroad train derailed along Route 35 between Highways 111 and 157 at about 10 p.m. Tuesday, but the main line was back in operation by today.

No one was injured, there was no explosion and traffic along the adjacent highway was not blocked. The train on the interchange line headed south from Alton to the Madison-McKinley junction and was in the Sand Prairie area.

Leo Hall, superintendent of transportation, said none of the tank cars in the train contained high explosives, though two were leaking crude oil. Another tank car of vegetable oil and a car of gas were damaged but did not leak.

The exact cause of the accident was not determined, but Hall said it probably was caused by faulty equipment, such as a broken wheel.

About 200 feet of rail was damaged. Track crews reported the scene at 6 a.m. Wednesday. Trains using the main-line track

Girl is Hit-Run Victim Three Pedestrians, Including Crossing Guard, Hit by Cars

Three pedestrians were struck by autos in the Quad-Cities this week. Area traffic injuries totaled 11, and 13 accidents were reported.

Crossing Guard Hit
Samuel Shackelford, 76, of 2914 Palmer avenue, was injured when he was struck by an auto while serving as a school crossing guard at Nameoki road and 27th street at 3:40 p.m. Wednesday.

Shackelford, a former Sixth Ward alderman, was taken to St. Elizabeth Hospital after he was admitted with injuries to his left knee and left leg. X-rays were taken. The driver of the auto was Gladys Baker, 2034 Weaver street, Venice. Shackelford was escorting children across the street when he came into contact with the car. No charges were filed.

Boy, 15, Struck
Larry Barnhart, 15, son of Mr. and Mrs. William Barnhart, 2405 St. Clair avenue, was admitted to St. Elizabeth Hospital after he was struck by an auto driven by Lowell C. Johnson, 3029 Wayne avenue, at 8:15 p.m. Tuesday.

The youth was treated for abrasions and contusions to his right knee and left leg. X-rays were taken. Johnson said the boy ran in front of his auto and he was unable to stop. The motorist said he was traveling about 30 miles per hour.

Undergo Surgery
Linda Barr, 16, of 2914 Myrtle avenue, was injured when she was struck by a 1956 hit-and-run auto at 4:30 p.m. Monday at Buxton and Wilson avenues.

She was almost across the street when the car turned right off Wilson avenue, and hit her, knocking her to the pavement. She was admitted to St. Elizabeth Hospital at 6 p.m. with pains in the lower back.

Four Persons Injured
Four persons were injured at 3:35 p.m. Tuesday when an auto driven by John E. Eckert, Bellefontaine, struck a group of four persons parked at the intersection of the highway by Mrs. Patricia A. Ward, 21, of 206 Edwardsville road.

Three persons in the Ward auto were taken to St. Elizabeth Hospital. Barbara Ward, five, daughter of Milburn Ward, 2063 Steen street, Madison, sustained abrasions to her abdomen, right foot and back, and was released. She fell under the dash, striking her head.

Mrs. Myrle Jo Kidd, 51, of 2046 Edwardsville road, was admitted with injuries to her chin, severe abrasions to both knees and a swollen and discolored left ankle. X-rays were taken. Miss Patty Curtis, 2111 Dewey avenue, was treated for abrasions to her right hand.

Nameoki Road Work to Begin Monday Morning

1st Phase to be Razing
Of Three Structures
At Pontoon Intersection

Nameoki road work will start Monday. It was announced yesterday by Courtland Lybarger of General Contracting Co., the successful bidder for the widening and improvement project that has been nearly eight years in the making.

Lybarger said the first stage will be razing structures on the right-of-way at the Nameoki-Pontoon roads intersection. Stated to go are the brick garage on the northwest corner, the frame two-story building that formerly housed a tavern on the northeast corner and the two-story brick building on the southeast corner that formerly was a grocery.

Decision Monday
Just which building will be the first to go down will be decided Monday morning when equipment is moved to the site. Lybarger said highlift machines and bulldozers will be used for the wrecking, scheduled to start about 8 a.m.

With the razing of the structures, the contractor then will begin to work in all four directions at the intersection which is designed to have ample turn lanes and electric signals.

The project calls for the improvement to go west for 44 feet beyond the railroad crossing north to the city limits, east along Pontoon road for several hundred feet and south to Washington avenue.

Other Signal Lights
Electric signals also are to be installed at the Nameoki-Johnson intersection, and signals at the Madison avenue intersection are to be relocated.

The contractor said he was in a seven-hour conference Tuesday with representatives of the railroad and city on relocation of facilities in the vicinity of the Pontoon intersection.

Involved in the conference were East St. Louis & Interurban Water Co., Southwestern Bell Telephone Co., Illinois Power and Light Co., and the Gulf, Mobile & Northern & Western railroads.

"We're all set for Monday, and we have 140 working days to complete the job," Lybarger said.

"Bright Way" Planned
City council members took steps Monday night to provide a "bright way" along the Nameoki road improvement and voted to give authorization to Director S. C. to order ornamental concrete standards for a lighting system similar to the downtown area.

About three months will be needed for delivery of the new 20,000 lumen lights and standards.

The power company is to remove the present 375 watt incandescent lights and install 154 new lights. The added cost to the city will be \$491 a month.

Council members took no action on the outline of the lighting system for the south section of Nameoki road, submitted by Illinois Power Co.

Mayor Partney has expressed hope that bids will be sought later this year for that phase of the work. The improvement is to extend from Madison avenue to Edwardsville road.

On the south end, 18 lights would be removed, and 126 of the brighter lights are planned. The added cost to the city would be \$491 a month.

Approval was reported by the Civil Defense Office of the U. S. Department of Defense. Melvin Koening is local director and Warren P. Cleary is regional director at Santa Creek, Mich. The system, which includes control equipment and seven dual-tone sirens, is expected to be completed in June. Its purpose is to provide advance warning of nuclear attack or other emergencies, the announcement related.

Warrants to be Issued On Parking Tickets

Granite City police will start issuing arrest warrants next Wednesday on delinquent parking tickets, Lt. William Condis, in charge of the traffic division, announced today.

Delinquent persons will be prosecuted, he said, advising those who have not paid their parking tickets, either in person or by mail to do so before the effective date.

Non-payment of parking tickets was the reason for Frandford firing Bowman, but the sheriff did not elaborate on the charge. Announcement of the discharge was made by Chief Deputy Sheriff Ramach.

You will be terminated on this date for reasons of insubordination. You will turn in all your equipment to this office immediately.

Bowman earlier this week charged that trespassing "lines" were being leveled at an Alton area auto racing track with Frandford's knowledge. The

Tax Assessors Told to Do Job On Uniform Basis

Township tax assessors in Madison county were warned to make uniform assessments of county and state levels will take over the work during a briefing session of the County Assessors Association on Monday at Edwardsville.

Eugene Berghoff, property tax supervisor for the Illinois Department of Revenue, told 23 assessors at the meet that if they failed to make every effort to improve, "it's going to get away from us" further centralization of functions at the county and state levels.

The State Revenue Department will have representatives in the county next year to confer with assessors before they make 1967 quadriennial assessments of real estate. He said several county tax assessors will have to do some extra work to make assessment corrections.

A policy of assessing older model automobiles at least \$70 was reported by Joseph Bergrath, Venice township assessor and association president.

He also said an assessment value of at least \$10 should be placed on "junk" autos found in fields and salvage yards.

Roy Reeves, Chouteau township assessor, said he would comply, and persons not wanting to be taxed on junk autos had better get rid of them before the assessor appears. He said it can help eliminate blighted conditions in the area.

The township assessors will begin their annual assessment of personal property on Friday.

The meeting was called by George Musso, county supervisor of assessments, and conducted by Bergrath.

Tourism Council Begins Fund Drive

Fred Summers, 2105 Fairmount, Alton, newly-elected first vice-president of the Region 8 Tourism Council, has been appointed Madison county finance chairman for the tourism program. It was announced today by Ralph Stauder, council president.

In accepting the post, Summers stated that the matching funds goal for the tourism program for Madison county is \$954 which is to be raised over a two year period. The state Department of Tourism has determined that Region 8 will have \$44,164 to spend on the promotion of tourism for the current biennium, \$17,653 of which must be raised by the 11 counties comprising the region.

In order to raise the funds proportionately throughout the county, Summers has appointed chairmen in five of the county's major communities. Listed as chairmen for the fund raising program are the following: Al Pauli, Edwardsville; Clarence Dunn, Wood River; Howard Colquitt, Collinsville; Fred Goewert, Granite City, and Francis Kaar and Summers, the Alton area.

The drive for funds on a county-wide basis is expected to be conducted during April. All money raised will be matched by the state on a 60-40 basis.

The Region 8 Tourism Council is comprised of the following counties: Bond, Calhoun, Clinton, Fayette, Jersey, Madison, Marion, Monroe, Montgomery, St. Clair and Washington.

Three Drivers Arrested

Three drivers arrested on speeding charges late Tuesday night were Howard G. Bradford Jr., 2921 Willow avenue, at 26th street and Madison avenue; Ernest L. Stapleton, 1744 Venice avenue, at Frickley lane and Edwardsville road; and Vernon L. Clutts, Rural Route One, at 2700 Nameoki drive. They were summoned for hearings by April 14.

Observe Chamber Of Commerce Week April 3-9

Chamber of Commerce Week will be observed by the Tri-Cities Chamber of Commerce April 3-9, with the public invited to view the Chamber office, 1821 Delmar avenue, in operation from 9 a.m. to 5 p.m. Monday through Friday of next week.

Sponsored by the American Chamber of Commerce Executives, the third annual special week has four purposes:

1. To create public awareness and understanding of the objectives and need for the Chamber of Commerce.
2. To give recognition to Chamber volunteer leaders for their constructive participation in community affairs.
3. To strengthen further the co-operative relationship with other organizations and agencies in the community.
4. To create a stronger bond of friendship within the community.

Community Betterment
The week gives official recognition to the role played by the Chamber in the economic, social and cultural development of the Quad-Cities.

While also concerned with state and national legislation, the Chamber devotes most of its efforts to local improvement projects, such as better streets, schools and services.

The only local organization geared for full-time, around-the-clock activity to better the Quad-Cities, the Chamber program is carried out by 25 committees on which several hundred local businessmen serve. Carl E. Mathias is president and Ferd C. Gower is manager.

6000-Year History
Although it is as modern as the jet age, the Chamber had its counterpart 6000 years ago in the ancient city of Mari in Mesopotamia.

Babylon, in 600 B.C., had a chamber of commerce. During the Middle Ages, fairs and merchant guilds were the predominant businessmen's organizations.

American Chambers evolved from three types of business groups, trade, protective and development, and there has been a U. S. Chamber of Commerce organization since 1912.

Council as Town Board Audits Township Funds

The annual meeting of the Granite City township board of auditors (the city council members and Mayor Partney and Clerk Homer Pendleton) was held Tuesday evening at the city hall to approve the annual report of Supervisor Nelson Hagauer.

The annual report presented Tuesday evening showed total disbursements of \$182,989, including \$7,859 for town purposes and \$124,540 for relief. A commercial audit by a private firm also is planned.

In advance of the annual town meeting, a public hearing on the new budget will be held at 1 p.m. at the city hall. During the hearing, revisions may be made. Changes in the budget also can be made at the 2 p.m. annual meeting.

Granite City township's proposed budget, which has been on public display since early March, totals \$168,489, down \$51,810 from the 1965-66 fiscal year.

The annual report presented Tuesday evening showed total disbursements of \$182,989, including \$7,859 for town purposes and \$124,540 for relief. A commercial audit by a private firm also is planned.

Present for the annual meeting in addition to Mayor Partney and Clerk Pendleton were Aldermen Moerlein, Robertson, Sternberg, Parnley, Johnson, Thompson, Bartosiek, Fry and Whitmer and Hagauer, Assessor James Barton, Deputy Assessor Waldo Schellenger and Town Atty. William Schooley.

Airman Chapman with Bomb Group in Vietnam

Airman Second Class Robert W. Chapman of Granite City has a vital role in U. S. Air Force B-52 Strato Fortress bombing missions in Vietnam.

Airman Chapman, a jet aircraft mechanic, helps prepare the Strategic Air Command long-range bombers for combat operations against Viet Cong targets. He is on temporary duty at a forward combat base in the Western Pacific.

The airman is the son of Mr. and Mrs. Howard Chapman of 2822 Pershing avenue.

Airman Chapman, a graduate of Granite City high school, attended the University of Southern Illinois.

Yield Charge Fled

Ronald W. Pitts, Collinsville, was arrested at noon Tuesday on a charge of failing to yield the right-of-way to an emergency vehicle at the Niedringhaus avenue rail crossing. He was summoned for a hearing by April 10.

SERVICE TO YOUTH AWARD presented to C. A. "Bud" MacMillan, director of Coordinated Youth Services, by Sgt. Roosevelt Brown (right) of East St. Louis, president of the Juvenile Officers Association, and Chief of Detectives George Teller of Granite City, vice-president, at an awards dinner Monday night at Belleville.

MacMillan, Mrs. Hackney Cited for Juvenile Work

C. A. "Bud" MacMillan, director of Coordinated Youth Services, and Mrs. Edith Hackney, a Venice mother, were among four persons honored with "service to youth" awards at a dinner meeting of the Juvenile Officers Association Monday night at Augustin's restaurant, Belleville.

MacMillan was honored for his work with youth as a member of the YMCA staff which started in 1941. Mrs. Hackney was cited for providing a foster home for more than 300 children during the past 16 years.

Others honored were Mrs. Opal Rodgers, operator of a teenage center in State Park Place, and Jack White, director of the St. Clair county Neighborhood Youth Corps for its war on poverty program for needy youth.

MacMillan was nominated for the award by the Granite City police department. He started his career in youth work at the "Y" as a case worker. Four years later he became boys club advisor, then program director. He was named assistant general secretary in 1951 and general secretary in 1956.

"During the years Bud was with the Y, he helped and encouraged many needy and pre-delinquent youngsters to participate in wholesome and healthful activities provided at the Y," according to the police department recommendation.

"For those who could not afford memberships, projects were promoted by Bud where by they

worked out their memberships. Under his supervision grew an outstanding Teen Town providing entertainment for boys and girls who otherwise had no place to go.

"Officers of the police department have known Bud as a handy person to have on hand. He has saved many a run-away and delinquent boy from spending nights in jail by arranging food and lodging for them. He also has provided the same services for needy and dependent boys who had no place to stay."

"Bud has counseled with many a boy, and their 17th birthday was never a barrier," the department continued. "He stayed with them as long as they sought his help. He was instrumental in promoting individual, group and family counseling at the 'Y' which resulted in solving or aiding many community problems."

"Bud also recognized another need in the community. A better understanding between the police and juveniles, why juveniles act and do the things they do, what is responsible for their conduct and things the police can do to help them with their problems."

"He set up a three-month sensitivity course conducted by the University of Illinois for the detective bureau which was unique as it involved the actual interviewing of juvenile delinquents and their parents."

"The year 1966 found the CVS board in search of a new director. Bud, seeking a greater challenge in services to youth, made himself available. This amazed many community civic leaders. They knew he had the qualifications...

tions, but they also knew it would result in a substantial salary reduction for him.

"We of the Granite City police, with past experience with Mr. MacMillan, are confident he will capably meet this challenge."

Mrs. Hackney Commended
Mrs. Hackney, 66, of 1228 Robin street, Venice, was recommended for the award by James Reid, delinquent, chief juvenile and probation officer in Madison county, and Mrs. Elsie Meyer of Belleville, juvenile parole agent for eight counties.

In commending Mrs. Hackney, Reidberger said that "in addition to maintaining a fine foster

home, she has been available day or night to go to homes in outlying areas where officers find neglected children.

"She has never refused to take care of them, regardless of their condition," he said.

Mrs. Meyer said Mrs. Hackney has the ability to be firm but needed in a foster home."

She also paid tribute to her husband, Edith Hackney, a moulder at General Steel Industries, for his understanding and willingness to help.

"Carly Blame Children"
In accepting the award, Mrs. Hackney said most of the children came to her from broken homes. "You can't blame the children in most cases," she said. "Much of the trouble is caused by parents who couldn't or wouldn't take care of them."

Principal speaker for the program was Emmett G. Warner, supervisory inspector of the St. Louis district, food and drug agency.

He said there is a tremendous traffic in amphetamine drugs in the metropolitan area, and two other major drugs in use are barbiturates used as sleeping capsules and hallucination drugs made from the seed of cactus plants which he said are being used increasingly on college campuses.

Warner advised against the use of any drugs except those prescribed by a physician for a specified illness.

"Stay away from any drug you do not have to take," he added. "Even aspirin can be fatal if taken to excess."

George Teller, Granite City chief of detectives and vice-president of the association, said there is little evidence of heroin or "hard" drugs being pushed in area schools but there has been traffic in marijuana.

Capt. R. H. Hilton to be 'Day of Prayer' Speaker

Capt. Richard H. Hilton, Chaplain at the Granite City Army Depot, has accepted an invitation to be the principle speaker at a Quad-City "Day of Prayer" sunrise service.

The ceremony, to be held on Sunday, April 24, is sponsored by the Granite City Jaycees and endorsed by the Tri-City Ministerial Association.

According to David Walker, chairman for the "Day of Prayer," the services are tentatively scheduled for Wilson Park at 7 a.m.

The laymen committee for the day met Monday night and finalized plans for the day, which will honor servicemen in Viet Nam. Walker said that at the meeting, plans were made to contact various groups from the community in soliciting help for the "Day of Prayer."

In addition to the sunrise services, individuals in the Quad-Cities will be urged to offer a prayer for the safety of servicemen in Viet Nam.

Christians Science Church Services
The parole of the lost sheep—Jesus' healing of the ten lepers—will provide themes for Sunday's Bible lesson at all Christian Science church services, including First Church of Christ, Scientist, 2550 Delmar avenue.

The subject of the lesson sermon is "Unreality."

Tomorrow's School Menu
For St. Margaret Mary
The menu at St. Margaret Mary parochial school was inadvertently omitted from the listing in Monday's issue, and there will be school tomorrow.

The menu for Friday will be scrambled eggs, oven fried potatoes, slaw, peas and carrots and brownies.

Hearing on County Zoning Changes Set

A public hearing on proposed amendments to the Madison county zoning code will be held at 2 p.m. Monday in the county courthouse at Edwardsville. Jack Clifford, county zoning administrator, said the hearing will be concerned only with the administrative section of the ordinance.

The proposed changes have been under consideration for about the past year to help streamline operations of the department, he said.

Youth Fined \$135, Costs

Carlton Turner, 19, of 2101 Washington avenue, was fined \$50 plus costs for illegal transportation of liquor, \$30 and costs for having improper license plates and \$35 and costs for disorderly conduct for a total of \$150 assessed Tuesday in magistrate's court. He was arrested March 18 at Cayuga street and Jefferson avenue.

State's Mental Health Program is Outlined for GCAARC

Granite City Association for Retarded Children heard reports on a public hearing held earlier this month at Southern Illinois University, Carbondale Campus at which time details were disclosed on sweeping changes to be made in state planning for Illinois' 300,000 mentally retarded.

Harold V. Thomas, director of special education for Granite City schools, described events at the hearing to association members Monday evening at St. John United Church of Christ.

Cosponsored by the Illinois Council for Mentally Retarded Children and the Illinois Board of Mental Health Commissioners, Thomas said, the Carbondale

hearing was the first of several scheduled for various areas in the state. Testimony of persons with a special interest in this field is being gathered, he explained, to encourage public and private agencies and the Illinois legislature to actively follow-up recommendations in the proposed plan, the result of an 18-month study by a panel of 60 experts appointed in June 1964 by Gov. Otto Kerner.

Thomas, who was among those testifying, said the report of the panel touches such subjects as diagnosis and prevention, residential care, special education, day centers, pre-school programs, vocational rehabilitation, job placement, recreation, psychological, social work and legal aspects of retardation, facility construction, parent counseling, public and professional education and public health nursing.

Among the plan's recommendations, are:

1. Construction throughout the state of 15 new community facilities at the minimum rate of one a year. As new beds become available, the most antiquated buildings at Lincoln and Dixon State schools could be demolished.

2. A recruitment campaign to bring 2500 more teachers into the field of special education by 1969, when a new state law, House Bill 1407, starts making public school classes for the retarded mandatory.

3. A regional network of workshops throughout the state with community sponsorship and state aid to prepare some retarded persons for job placement and to offer terminal employment to others. Legislation to enable agencies to purchase services from such workshops.

4. Because up to 30% of retardation might be prevented if corrective social and educational forces reach children in early years, a state-wide pre-school program for the disadvantaged. Thomas reported that others testifying at the hearing included State Rep. Clyde Chaote, Anna, Dr. William Freeburg, chairman of Southern Illinois University's department of recreation and outdoor education; Judge Peyton Kuncie, Illinois Council board member; Dr. William Sloan, di-

rector, and Dr. R. C. Scherrenberger, assistance director, Division of Mental Retardation Services, Illinois Department of Mental Health; Dr. Albert J. Shaffer, superintendent of the A. L. Bowen Center, Harrisburg; and William Whiteside, consultant, Division of Special Education, Illinois Office of the Superintendent of Public Instruction.

The hearing review committee also heard testimony from individuals representing interested civic and service groups, including the Rotary, YMCA, Easter Seal Society, Ministerial Alliance, Cerebral Palsy Association, hospital associations, physicians, Jaycees and various SIU department heads.

Eugene Tondre, association vice-president, presided at Monday night's meeting in the absence of Mrs. Evelyn Gavin, president, who presently is participating in convention activities of the International Association of Retarded Children's Organization in Paris, France.

It was announced that Epsilon Sigma Alpha Sorority again will sponsor the annual "Easter Egg Hunt" for handicapped youngsters in the area. The event will be held from 2-4 p.m. Saturday, April 9, on the grounds of St. John United Church of Christ. Refreshments and a recreation period also is being arranged for the children in the church hall following the hunt.

GROUND-BREAKING CEREMONIES for the new Briarcliff Pentecostal Church shows Rev. Ross Smith, pastor, turning the first shovel of earth in the presence of Mayor Partney and members of the church board. They are, left to right, Jerry Ragan, Alfred Murphy, Wilbur Dix, Roy Travis, Rev. Smith, Paul Dickerson, Partney, Thomas Smith and Zollice Goinz.

Pastor Breaks Ground for New Pentecostal Church

Ground-breaking ceremonies for the Briarcliff Pentecostal Church, Briarhaven and West Pontoon road, were conducted at 2 p.m. Wednesday and construction will begin today.

Rev. Ross Smith, pastor, turned over the first spadeful of earth in the presence of church board members and Mayor Donald Partney.

The new church is being constructed at a cost of \$40,000 to \$50,000 as the congregation has outgrown its present facilities at the Dewey Avenue Pentecostal Church, West 25th street and Dewey avenue.

The new brick structure will be 40x76 feet with nine classrooms and a 15x33-foot fellowship hall in the basement. The sanctuary will seat 240 persons, plus 20 more in the choir.

Features will include a large nursery, coat room, office and pastor's study on the main floor. The congregation was formed in 1947 with a few families who began worship in the basement of the Dewey avenue church. Rev. Mack Hynes was the founding pastor who served about 13 years until he moved to Clearwater, Fla.

He was succeeded by Rev. Hoyt Donawese, who served for 11 months. Rev. Smith has been with the church more than five years and said that during the last six months the Sunday school has grown "until we are forced to build a larger building."

Board members at the ceremony were Roy Travis, Thomas Smith, Alfred Murphy, Paul Dickerson, Wilbur Dix and Gerald Ragan. Alfred Ragan, another board member, was unable to attend.

SPRING SWEETHEART of the Roca young men's club is Miss Robin Robertson, a sophomore and honor student at Granite City high school. She is a member of the Red Peppers, Girls' Glee Club and president of her Tri-Hi-Y Club. Her hobbies are horseback riding, swimming and ice skating.

Nurses Planning Memorial Fund For Dr. Wiesman

A memorial fund to honor the late Dr. Irvin Wiesman is being organized by a group of nurses at St. Elizabeth Hospital to secure equipment for an intensive cardiac unit being planned to start in the near future.

Mrs. Marietta Daniels, RN, is heading the nurse group and said that anyone caring to contribute may send donations to "The Dr. Wiesman Memorial Fund, St. Elizabeth Hospital, 2100 Madison avenue."

"We are doing this to pay tribute to the physician for his many civic and hospital endeavors," Mrs. Daniels said.

Maryville Crossing Parade Planned; Meeting Monday

The Organization for Community Action seeking protective devices at the Maryville road crossing will request a permit to conduct a protest parade next Wednesday at the Monday meeting of the Granite City council.

Mayor Walker, the organization's publicity committee, said plans for the parade and acts of vandalism at the crossing will be discussed at a meeting at 7:30 p.m. next Monday at the Tri-Mor Bowl. About a dozen vehicles are to parade from the crossing into the city.

He said that about 7000 persons have signed petitions demanding action at the crossing, including 1900 students and teachers at Granite City high school this week.

Plans are being made to present arguments to the Illinois Commerce Commission at a hearing next Thursday at the Mitchell Presbyterian Church.

Vandals Tuesday night stole 12 crosses that have been posted at the crossing as a reminder of the area of Mitchell, Hills Terrace and Granite City.

Eagle to be Returned to Old PO Site in Fall

While interested businessmen, civic leaders and industrialists contributed the money for purchase of the building and triangle park to the park district, Sebold took it on his own to rescue the bird.

He had had it sandblasted to a sparkling white and has given it to the park district to be returned to the park as a monument.

The new open space is most welcome by surrounding property owners, and a fitting ceremony for the eagle is in the making. It was rescued from the wreckage of a wrecking crew by A. H. Sebold, contractor, who had the job. He received his check for the demolition job Tuesday morning in a ceremony staged before the five-foot bird.

Former Alderman Veizer Named to Police, Fire Board

Appointment of George Veizer, 1734 Spruce street, to the Granite City Board of Fire and Police Commissioners to replace Robert Kelly, who resigned, was announced Monday morning by Granite City council members.

Veizer, a former Fifth Ward alderman, is a guard at the A. O. Smith Corp. plant. His term on the board will expire May 1, 1967.

Mayor Partney said Kelly, who was named to the board last May, resigned because of possible conflict of interest since his brother, Everett Kelly, is a police patrolman. Veizer's son is a police sergeant.

Veizer's appointment by Mayor Partney was opposed only by Alderman Nonn and Barschick.

Complaint by lawyers referred to the police commissioners and the mayor was a letter from the Madison County Bar Association pointing out that it has been reported Granite City policemen are engaging in private investigative work for lawyers and that it is a possibility of a conflict of interest.

The letter was from "M. H. Smith" of the firm of Smith, Calvo and Swan. Smith is secretary of the county bar association.

"A complaint has been made to our grievance committee with reference to your city allowing policemen to do investigation work for different lawyers."

"The committee has not formally met, but the matter has been discussed, and it is a consensus of opinion that policemen, by accepting such employment, might subject themselves and their department to abuse as there would certainly be cases where there would be a conflict of interest, and then the legal profession might be brought into disrepute also for having engineered the employment."

"Therefore, we would like to go on record as being opposed to any such employment by a lawyer, and we will bring this up at our next bar meeting."

The council did not call for any further report on the matter after referring the letter to the commissioners and the mayor.

Dr. Koch

His husband, Dr. Joseph M. Koch, died in 1963.

Born in Chicago, she received her bachelor degree of medicine degrees from Loyola University and set up joint medical practice with her husband in 1908 until his death. She was born in Chicago.

Dr. Koch still is in medical practice and makes a home for two of her children who still are in high school, Felicia Mary and Josephine.

Her other children include Lt. Edward, United States Navy; Robert, who is with Dow Chemical Co.; Dorothy, a secretary at A. O. Smith Corp.; and Elizabeth, with the Peace Corps in China.

Dr. Koch has taken part in many campaigns to improve the quality of medical care. She led a drive for a county health department several years ago, but the issue lost in an election, although it carried in Granite City. She obtained the backing of the Tri-City Medical Society for the immunization clinic at St. Elizabeth Hospital and donates her time to it, along with other doctors.

She is a past president of the St. Elizabeth Hospital staff and the medical society, and played a leading part in organization of the Board of Community Centers which brings many artists to Granite City.

Dr. Koch also was a member of the original board of directors of the United Fund and is now a vice-president and member of the executive board. She also is on the boards of the Madison County Mental Health Society, Quad-Cities Center, the Family Service Agency of Southwestern Illinois and the Madison County National Foundation. She also serves as medical advisor to the Citizens for Medical Education.

Following the local reception, Dr. Koch is to attend a reception for all 50 finalists at the Waldorf Astoria Hotel in New York on May 1, and the reception at the White House on May 4.

TRAIN TRIP FOR TROOP
Girl Scout Troop 29, sponsored by Webster school, held a weekly meeting Tuesday. The scouts worked for most of the meeting to complete their project of Easter boxes.

Some of the boxes were painted gold and silver and others were covered with paper and flowers. A few of the scouts had met at

bowling party at Tri-Mor Bowl Monday evening. The girls bowed and then enjoyed a meal. Each girl received a favor. 34 Teams Registered In Softball Leagues

A record number of 34 teams has signed up for competition in six Granite City park district softball leagues this year. Supt. Harold Brown reports all the leagues are filled with teams and that this year's number exceeds last year's record of 32 teams.

Polish Hall heads the list of teams competing this year. State champion in the open slow pitch league, Polish Hall will once again compete in that league.

Other teams in the Class A slow pitch league are Falstaff, Club Delmar, Mexican Honorary Commission, Millie and Mickey's, Rozycski Realty, Liberty Home and Local 50.

The Class A slow pitch league will play four games Thursdays at 6, 7, 8 and 9 p.m.

Five teams are slated to play each Monday and Wednesday at 8:30 p.m. in the Class B slow pitch league. The teams are GT Builders, Zips and the Eagles and two squads without sponsors, managed by Frank W. Carroll Jr. and Bob Weiser.

Four teams have signed up for the Classic league in fast pitch softball action to be played on Tuesdays at 7 and 8:15 p.m. The teams are Mathews Chevrolet, Kirchner, Granite City Steel Credit Union and one from West Granite.

In the 35 and over league, five teams will compete on Mondays at 6:30 and 7:30 p.m.—Local 16, Jiffy Car Wash, VFW Post 1300, Mid-Town Pharmacy and Jacobmeyer's.

The High School league will have five teams playing on Wednesday at 6:30 and 7:30 p.m.—Raiders, GC Sheet Metal, YMCA Teen Town, Roca and one managed by Lee Cooper.

Seven squads have registered for play in the Church Slow Pitch league, with action slated Fridays at 6:30, 7:30 and 8:30 p.m. The Church league teams are Niedringhaus Methodist, West 22nd Street Baptist, Grace-

land Baptist, St. John's Lutheran, Bethel Community, First Assembly of God and Community Heights Assembly of God.

Brown said Saturday night dates will be left open for rained-out games and exhibition contests.

Girls Softball Teams Sought

A girls' softball league may be formed by the Granite City park district, according to Supt. Harold Brown.

Brown said he has received calls from people wishing to form the league, and that one group already has a team lined up, if the league becomes a reality.

The league would be for high school seniors and older girls. It would be a slow pitch league, playing its games on Monday, Tuesday, Wednesday and Thursday evenings at 6 o'clock.

"We'd need at least four teams and could use eight to get the league going. If anyone is interested they can call me at the park office, and we'll be glad to go ahead with the league," Brown said. The park office phone number is TR 7-3059.

Boys Needed for Baseball Program

A call for boys to participate in the Granite City park district baseball program has been issued by Supt. Harold Brown.

Brown said 21 boys are needed for the Atom Division teams, nine of them nine years old, five of them eight years old, and seven and nine years of age. He also said 15 boys between the ages of 11 and 13 are needed for the Midget Division baseball program.

Additional information regarding the boys' baseball program can be obtained through the park district office, TR 7-3059, Brown said.

Alton Spikes Warriors In 45-Degree Weather

Granite City's track Warriors suffered an 86-32 loss to perennially strong Alton Monday night, but coach Jim Morrison is pleased with his team's showing.

The Warriors captured only three first places in 45-degree weather. The meet was originally scheduled for Wednesday night, but was moved to Tuesday night. Finally, at the last minute, it was changed to Monday night.

Dwain Bridges won the pole vault with a leap of 12 feet for Granite City. Morrison said Bridges would have tried for a higher leap, except the weather was too cold.

Ken Anderson won the 120-yard high hurdles for Granite City with a clocking of 15.7 seconds. Alton's Wyatt and Rollins were second and third.

Morrison said the Warriors made a better showing against Alton in Monday's meet than they have since he has been at Granite City.

"Already, from what I could see, we surpassed many of last year," the track mentor commented. The Warriors will compete next in the Alton Relays on Saturday.

Rains Hurls One-Hitter; Ripka Gets Three Hits, Four Runs Batted In

The baseball Warriors at Granite City ended a two-year home run drought with a pair of four-baggers against Staunton in a winning 9-3 game at Wilson Park yesterday.

Tuesday, Jim Rains pitched a one-hit game as the Warriors defeated Southwestern Conference rival Wood River, 7-0.

Granite City's first home run came in the second inning after catcher Fred Hoffman singled to center. Denny Henson, on the second pitch, put the ball over the Staunton centerfielder's head, and then third-sacker Greg Patton walked, forcing in the second tally of the frame.

Jim Hackney led off the fourth inning with a long triple and Bob Odum, pinch-hitting for pitcher Turpenoff, singled Hackney home. Ripka unleashed the Warriors' second homer of the game—also over the centerfielder's head.

Granite City's final (two runs came in the bottom half of the sixth inning. Relief pitcher Mike Shambo struck out but advanced to first base when the Staunton catcher dropped the ball and made a wild throw to first base.

Harold Vick doubled to right-center, scoring Shambo. Ripka then batted in Vick with a fielder's choice.

Stauben waited until the last inning to score his three runs. With relief hurler Shambo on the mound and two out, Staunton pitcher Al Schutte singled.

Ron Barnhart was hit by a pitch and Jim Hericko doubled Schutte home. Brian Kinnikin doubled in Barnhart and Brian Newhaus walked. Don Best drove in Kinnikin for the final run.

Fedora said he was pleased with the pitching. He also praised the seven-inning work of Jim Rains the night before, when he allowed Wood River only one hit.

In that game, the Warriors scored five runs in the fourth inning as Patton led off with a home run. Hoffman got on via a fielder's choice in which Patton was caught between second and first base. Hoffman moved to second on the play and the Warrior catcher then advanced to third on an error as Denny Henson was safe at first.

Charles Collins singled in Hoffman for the first Granite City run of the inning.

Bill Cox singled Henson home and a trio of errors scored two more runs for the Warriors. A pinch-scorer Collins moved into first Granite City run of the inning.

Pitcher Rains led off the sixth inning with a sharp single. Rains was standing two feet off first base buttoning his jacket when Wood River tried a pickoff. The offer first baseman was caught napping and the ball rolled down into right field. Rains scoring all the way from first.

Fedora also was happy with the way the hitting has been going.

Harold Vick, Greg Patton and Charles Collins were two-for-four each in the Wood River game. In the Staunton contest, Larry Ripka, playing right field instead of his usual second base, was three-for-three with four runs batted in.

This weekend, the Warriors will play a pair of doubleheaders against Springfield (Mo.) schools. On Friday at 6 p.m., Granite City will start a twinnish with Parkway and Central. On Saturday, the Warriors will play Glendale and Hillcrest. Fedora said each school has an enrollment of nearly 2000 students, and all are noted for having good ball clubs.

The trip will be the first spring journey for Granite City, and Fedora feels that the weather will be a big factor in providing competition for his club.

"They've had good weather down there during the past couple of weeks, and I don't think it will change much," he said. The Warriors will take 21 players on the trip and will leave at 8:15 a.m. tomorrow. They will return at about 6 a.m. Sunday.

On Saturday, another Warrior squad will play a doubleheader at Cahokia, beginning at 11 a.m. Granite City's baseball record now stands at 4-31 for the season.

275, and Bruce Manning the high single pin for a 173 game. Pepsi Cola Jets won the girls' fifth and sixth grade title. Trophy winners of the squad are Margaret McKinney, Debbie Gargac, Lynn Whaley, Kathy Kwiatkowski and Beverly Francis.

Debbie Gargac won all three individual awards. She posted a high average of 165, high single game of 164 and high two-game series of 268.

The evening's activities will be preceded by the annual mother-daughter and father-son tournament in the morning. Winners of the tourney in each league will also receive awards at the banquet.

In the fifth and sixth grade boys' league, Mid-West Tile won the championship. Each of the boys' members will receive trophies. Dwight Forest, Timmy Steffens, Pat Osuchowski, Larry Rose and Steve Hoffman are members of the squad.

John Blattner's 113 average won him the pin for the league's also average. Andy Midsky will get the high series pin for his

THIRD BASE ACTION. Granite City's baseball Warriors found third base action-filled as they downed Staunton 9-3 at Wilson Park yesterday. In the top photo, Larry Ripka takes a lead; in the lower picture, Greg Patton sprints down the baseline and scores on a fielder's choice.

the downstate fisherman

If Robin, the Boy Wonder, had been battling around Crab Orchard Lake's Cimbria necks around the idea of March, he might have looked over one fisherman's shoulder and exclaimed, "Holy Helldiver!"

The sight of a nine and one half pound gametrout bass on the end of his line uncorked a few exclamations from Royvon angler Jan Swetz, too, but he brought the old baiter to the net for the second largest Crab Orchard specimen in the memory of this column.

This marks the 25th anniversary of fishing at Crab Orchard and the all-time record holder there, as far as is known, is Carlo Riggo of Murphysboro. He landed a bass two ounces heavier than Swetz in 1897, fishing near reeds east of the spillway.

But enough of historical reflection and on with the moment. Evidence is in to indicate that fishing is off to a typical spring start throughout Southern Illinois.

Harry Douglas and a stout band of companions from Norris City have been bombing them regularly at Lake of Egypt, and the Little Grassy catch log is peppered with bass of better-than-average size.

Douglas, a feed mill operator, has "limited" more than once, most recently on March 27 when wind conditions discouraged all but a few of his ilk. His biggest so far is a five and one half pounder. Best producers have been the Heddon Machete, the Cobra, Brooks Reeler and weedless runners in general.

Crapie fishermen haven't showed yet at Egypt and the bullhead catch reflects little activity. An Egypt note: Fireside Camps of America is tentatively scheduled to open a new campsite (at the former Swane dock) the weekend of May 14. A boat show will be staged at the opening.

The Devil's Kitchen Lake dock concession, operated by Cline Skelcher, is slated to open today. A few five-pound catches have been reported and crappie fishermen are hanging into some slabs. The lake is quite clear, as is Lake of Egypt.

Both Little Grassy and Crab Orchard are at 50 degrees, considered by most vets a shade too nippy for decent results. But preliminary patrols at Little Grassy have proved most productive. Gary Wade of Herrin picked up a 6 1/4 pounder on a Helldiver and Carl Zeigler, Belleville, brought in seven ranging from a pound to 3 1/2 pounds. He's been using a Rapala.

Other Little Grassy marks: Max Allen, Blufford, 3 1/2 (Helldiver); L. Downard, West Frankfort, 3 1/2 and 1 1/2 (jig); Paul Morton, Carleville, 3 1/2 (Shannon Twin); Frank Boleak, Bloomington, 5 1/2 (Lazy Ike) and R. Johnson, whose hometown escaped a 3 1/2 and a two pounder on a Helldiver.

Little Grassy concessionaires Huck and Lois Rensohn say they've improved camping facilities with 50 new fireplaces and 75 more camping tables. Sixty trailer sites are now electric. Since March 15, when the winter ban on motors was lifted at Horseshoe Lake, crappie fishermen have been plying that one with fair success. Crappie appear to be running somewhat smaller than average. The black Buckle Whiz is the top lure now. Bluegill are hitting spottily at Horseshoe as well as the Cache cutoff below Mounds.

It is with no little dismay that we report the departure of W. F. (Judge) Ellis from the dock he manned over the past 11 years at Lake Murphysboro. Judge has given up his concession lease and the new operator has not been named at this writing. Fishing tailsplanned sharply in 1964-65 as

a result of a lake drawdown, and Ellis saw boat rentals go from an average 650 a month in 1960 — a banner year — to only 1110 at last season.

Little fishing activity is reported at Murphy so far this year, although Donald Courie, one of its best known devotees, netted seven "nice" ones last week. For the average fisherman, it is clearer than considered desirable.

Notes — Bass have been hitting exceptionally well at the Truax mine strips near Pinckneyville and some good catches are reported from the Potts strip ponds. Leonard Box, Effingham, limited on bass at Lake Sara, Effingham, and Joe Scrivner and Kenneth Mercer, Alton, hooked six and five-pounders at St. Elmo reservoir.

Western Military Academy's David Thayer this week announced his resignation as head football, basketball and track coach, effective at the end of this school year.

His basketball teams have lost 38 consecutive games, and have compiled a mark of 5-51 since he took over in 1963. Thayer's foot-

ball teams, with their best season (5-3) this year, are 8-18. Thayer said he plans to continue working toward a doctorate degree in physical education and then go into administrative work.

Wood River's Gary Hartsock and Dave Bisher 6-1 and 7-5. Allen Williams and Jeff Parmley downed the Oilers' Dan Foster and Gahrhart Friedland 6-0 and 6-1 to make it a clean sweep for Granite City.

Next week is when we'll get the real tests, against Belleville and Edwardsville," said tennis coach Dick Harmon. "Before then, we have a lot of work to do," he added.

The fellow who busy too much on the cuff usually has something up his sleeve.

record-dining room section on the ground floor could be deferred if finances are limited. Under this plan the suggestion retaining the 1931 building but with only minimum alterations and a goal for ultimate demolition.

Additional elevators are recommended, and Dr. Rourke also recommends detailed studies to determine exact needs for intensive care and minimum care units.

Centralization of services also is recommended.

Serves Area of 77,900 Persons
In his findings, Dr. Rourke noted St. Elizabeth Hospital has a service area population of 77,900, and that during 1965 there were 10,311 patient admissions, including 385 from outside the service area.

The admissions also included 870 patients from the primary area and 358 from the secondary area. He includes the Quad-Cities area and sections of Edwardsville, Collinsville, Jarvis and Pinaok townships.

Projecting the population of the hospital's service area, Dr. Rourke says it will range from 84,470 to 85,500 in 1970, 92,000 to 93,500 in 1975, 101,350 to 105,800 in 1980 and 111,950 to 118,350 by 1985.

In 1950, the hospital had 155 beds and served 4871 patients; while in 1960, still with 155 beds, the number of patients totaled

AMERICAN LEGION DISTRICT quarterly officers' meeting took place early this week at Henry Mitchell Post 799 in Venice. Seated (left to right) are Jack Copeland, Fairfield, Fifth Division commander; Frederick Merritt, Salem, Illinois Department senior vice-commander; John E. Lee, host commander; Elroy Ostendorf, Waterloo, 22nd district commander; and Harold Summers, Granite City, district senior vice-commander. Standing are Fred Krick, district adjutant; Bernard Schartz, district finance officer; Urban Haas, district sergeant-at-arms; and John Chindard, district junior vice-commander.

In 1965 with 243 beds, the patient total went to 10,311. Admissions rates jumped from 86.7 medical group which probably is overworked.

Dr. Rourke says the staff restriction which stipulates a doctor must live within the Quad-Cities to be eligible for active or associate staff membership and notes that the patient admission might be a deterrent to staff

growth. "We believe," he notes, "there should be a collective community effort of the medical staff, hospital and other community leaders to encourage physicians to locate in the area."

CUB NATURE TRIP

Den Three of Cub Pack 13, sponsored by the Holy Name Society of St. Elizabeth Church, held a weekly meeting Monday afternoon in the home of Mrs. Louis Brusati, 2211 Manley avenue, Den Mother. Assisting was Mrs. Ray Uram, assistant den mother.

The meeting opened with a flag ceremony, Joe Uram carrying the American flag and Gary Kiseberg the den flag. Robert Rapp gave the pledge, and the cubs then formed a living circle while Tom Beatty led the others in the cub scout promise.

An election followed, with Brad Hickman elected denner and Jeff McIlvay assistant denner. Refreshments were served, and the scouts were taken by car to Wilson Park, where they played nature discovery games and practiced nature songs under the direction of Tom Beatty.

They are to start a nature collection for the next pack meeting. Others present were Mark Brusati, Gary Kaseberg and Jeff McIlvay.

MONTHLY MEETING OF MARYVILLE SCHOOL CUBS

A monthly meeting of Cub Pack 96 was held Monday evening at Maryville school.

Den Five, under the direction of Mrs. Betty Favier, opened the meeting with a flag ceremony, assisted by Boy Scout Bob Peacher of the Eagles aerobics troop. A reading of King Arthur and the "Knights of the Round Table" was presented.

Cubmaster Davis presented the following with awards:

Brett Weiss, Leroy Wedde, Greg Terrell, Eddie Holder, Joey Peacher, Jeffrey Judge, Ed Stoval, Jeff Badgett, Eddie Holway, Scott Badgett, Ricky Dickerson, Mike Howard, Mike Brandon, John Scott, Pete McKnight, Billy Carpenter, Randy Stroeder, Steve Easler, Ricky Nosser, Louis Mitchell, David Waugh, Victor Coleman, Nick Popichak, William Davis, Mike Arakaki, Lindsey Church, Tim Nordcutt, William Karcus and Gary Flowers.

Refreshments were served by Den One under the supervision of Mrs. Holder.

In conjunction with the reading on King Arthur, each scout made shields and armor, and each den a horse used in tournaments as part of the evening's program.

The next pack meeting will be April 25.

Junior Girl Scout Troop 1007, sponsored by Frohardt PTA, met Monday at the school. After the pledge of allegiance and singing, Scout promise, Rosemary Harlan was honored with a birthday cake.

A discussion was held on the program for the next meeting. Patrol Three will plan the games.

The leaders, Mrs. R. C. Russell and Mrs. Bob Voss, collected bunny boxes and cookie sale funds. Present were Millie Fleener, Debbie Ison, Sherry Gilliland, Daria Smallie, Maureen McFain, Sandy Voss, Donna Cain, Darla McGarvey, Reida Diffe, Jeanne Turner, Cathy Miller, Dawn Voss, Cindy Johnson, Cindy Hanks, Christat Roth, Nancy Russell and those named.

The next meeting is set for April 4 at the school.

BRIDGE MEETINGS
A "winners' game" for the Southwestern Illinois and Paducah, Ky., area was held Sunday afternoon at the Elks club.

North-south winners were: first place, Jim and Bert Oelrich; second, Ewens and Ross; third place, Long and Butler; and fourth, Mr. and Mrs. Mel Ballard.

East-west winners were: first place, Mr. and Mrs. William Farmer; second, Mr. and Mrs.

Eckert; third, Mr. and Mrs. Elmer Wandering; and fourth, Mr. and Mrs. Randall.

A regular meeting of the Granite City Duplicate Bridge club was held at the Elks Sunday evening. Those holding high scores were Mrs. Marian Ballard and Mrs. Farmer, first, William Farmer and M. C. Ballard, second, and Mr. and Mrs. Cuppy, third. All winners were from Belleville.

On Monday morning, the Nameoki Duplicate Bridge club met in the home of Mrs. Sam Meyer, 2331 Yale drive. Winners at this session were Mrs. Mildred Branding and Mrs. Helen Wyman, first; Mrs. Zoe Cooper and Mrs. Ada Zielbold, second, and Mrs. Betty Osterle and Mrs. Marie Huff, third.

All the meetings are under the direction of Mrs. Sam Meyer, and the public is invited to attend the weekly sessions. A winning game will be conducted April 4 at the Nameoki club's meeting.

MRS. CLAUSEN HOSTESS

Mrs. Mary Lou Clausen entertained her pinocle club Tuesday evening at her home.

Those holding high scores were Mrs. Hazel Rollins, first; Mrs. Juanita Rosenberg, second, and Mrs. Bertha Witter, third.

The hostess served a light dessert luncheon to the prize winners and Mesdames Lorraine McIlvay, Wilene Willis, Catherine Hommer and Harriet Heller.

Mrs. Rollins invited the club to meet in her home, 4261 Reveille drive, for the next meeting April 26.

"Operation Good News" is being held this week at Central Christian Church, with services nightly at 7:30 through Friday.

Special music is being provided, with gospel singing led by Joe Hanson.

Rev. L. O. White will speak tonight on "I Believe that Jesus lives" and "The Easter story" on April 26.

Women of the church attended a luncheon in the fellowship hall this morning, with L. O. White of the United Christian Missionary Society, Indianapolis as guest speaker.

Easter "bunny boxes," gifts for Altos State Hospital patients will be brought tomorrow to the home of Mrs. Arlene Brinkmeyer, chairman of the Juliette's Girl Scout leaders of Neighborhood Five.

An outdoor cookout is planned for April 5 at Wilson Park, from 9:30 a.m. until 2:30 p.m. A savings source will be offered to Cadette Scouts at the YMCA starting April 9, under the direction of Mike Lessee.

Leadership training for new leaders will be conducted April 13, 14, 15 and 20 at St. Mark's school, Venice. The class will meet from 7 p.m. to 10 p.m.

Advanced Red Cross training will be given from 7 p.m. to 9 p.m. April 6 in the home of Mrs. Cecil Trachsel, 2849 Iowa street, and a meeting of the Juliette's has been set for April 26 at Nameoki Presbyterian church.

Mrs. Lucretia Wright and Mrs. Mary Jo Hent will serve as a committee to prepare the annual Brownie Reunion May 7 at Camp Lakota, Glen Carbon, and Mrs. Nancy Marcum and Mrs. Charlotte Frey will represent Neighborhood Five in planning Junior Day May 21 at Camp Lakota.

Possible Senior Scout participation in a trip to Washington, D.C., Aug. 16-23 is being discussed. Those going will stay at the national Girl Scout house.

An annual international pot luck dinner took place Tuesday night at the Madison recreation center.

Water Franchise Meetings May be Delayed Past May 1

Franchise conferences between the city and officials of the Louis & Interurban Water Co. may be delayed until May 1, it was indicated at Monday night's meeting of the Granite City council.

A letter from the company indicating a willingness to meet at the city's convenience was read and placed on file by the council, and then Mayor Partney suggested a meeting date be selected by Alderman Ford Johnson, chairman of the Fire and Water Committee.

Johnson said he was reluctant to set the date since committee appointments might be changed on May 1, the start of the city's new fiscal year and the date for the mayor to announce his appointments for the new year.

While Mayor Partney offered no comment on the matter, many council members have said they are expecting a number of changes in committee chairmanships. The water company came under fire later in the meeting when Alderman Nomm criticized the installation of a fire hydrant at West 23rd street and Ohio avenue. The council voted for the hydrant to be relocated at the intersection in order to provide a water line to two house trailers on the opposite side of the street. Nomm said he halted the work on the installation when he saw where the hydrant was to be installed, and the mayor added that he gave the directive for the work to proceed after receiving complaints of the excision, but the motion was not made.

Quarterly Billing For Treatment Of Sewage in GC

Granite City's sewage treatment bills that will go on the mail on or about May 1 will be for three months, payable in advance at the city hall, according to the present plan.

It was brought out at Monday night's council session that the billing should have started last Jan. 1, in accordance with the revenue bond issue ordinance, but the city has been able to make two interest charge payments of \$23,935 each and probably can make the next interest payment due in June from the surplus funds, according to Comptroller John Doherty.

The sewage treatment plant is nearing completion at the Granite City Army Depot, financed with a \$1,225,000 revenue bond issue and a grant of \$298,000 federal tax funds, and should be in operation in June.

The first payment on the bonds, \$25,000 plus another \$23,935 interest, will be due next Jan. 1.

The quarterly bills will be \$2.70 per household (90 cents a month and the lowest monthly charge in the area). Charges for industries and commercial establishments will be based on the amount and type of sewage dumped into the sewers. Meters are to be installed to check the flow.

Plans are for the sewage treatment bills to be paid at the city hall—the same as the monthly payments for the Nemoiki sanitary sewer system. Council members have not yet decided if other payments at locations are to be established.

The payments are to be made within 10 days of receipt of a bill, and after 30 days bill becomes delinquent and a lien is to be filed against the individual's property.

The ordinance at present calls for the lien to be filed 10 days after the bill is due, but it was decided Monday night to amend that section to make it 30 days.

Apartment Houses by Units. Apartment houses are to be billed 90 cents per month for each unit instead of the original plan to base the charge on water consumption. An amendment to the ordinance is to be prepared to make that change.

Council members also author-

ized letters to be sent to industrial and commercial users advising them of charges, based on the amount of sewage and types of pollutants.

A change order in the contract for the treatment plant was approved by council members on the recommendation of Alderman Moerlein, chairman of the Special Pollution Committee.

Moerlein said the present contract calls for painting of the 12 structures at the treatment plant at a cost of \$19,544.

He suggested the painting work be delayed for more detailed specifications on the types of paint and number of coats with each structure to be handled separately. "This way we could save considerable money," he explained.

He also was asked to determine if a house trailer situated on a lot owned by the occupant may be interpreted as a permanent home or transient.

Alderman Johnson said the city has been extending its fire hydrant locations in fringe and annexed areas.

"This not only gives us adequate fire protection but also holds down the need for Granite City householders to dig wells for a supply of water. Maybe we should take this matter to court," he added.

Mayor Partney said he would accept such a motion for court action, but the motion was not made.

Brother of GC Nurse Dies at Wilkes-Barre
Funeral services were held this morning in Wilkes-Barre, Pa., for Owen McGeehan, 59, of that community, the brother of Mrs. Francis (Josephine) McManus, 2532 East 27th street, local nurse, who was called to his bedside last weekend, when Mr. McGeehan's condition became worse. Also surviving is his wife, Mrs. Mary McGeehan.

A visitor to Granite City several years ago, Mr. McGeehan died at 5 p.m. Monday at the Veteran's Hospital, Wilkes-Barre, where he had been a patient for three months. He was a world war II Army veteran and had been employed by the Veteran's Administration. Mrs. McManus' husband is a police sergeant.

Homemakers Extension Units Hold Tea for New Members

More than 168 members of the Madison County Homemakers Extension Association, representing 32 units including the local unit, were guests of honor Monday afternoon at a tea given by the association in the Extension Auditorium in Edwardsville.

Mrs. Emerald Dawes of this city, county second vice-chairman in charge of membership, welcomed the 117 new members and unit representatives and introduced the Extension Council members, the home adviser, Mrs. Catherine Mauck, the assistant home adviser, Mrs. Mary Knecht, and special guests.

"Between the Book Ends" was the theme selected for the annual event and a skit entitled "The New Member of Homemakers Extension" was given by the extension council members.

Mrs. Victor Drexell was the narrator, with Mrs. Guy DeChiara as a Homemakers Extension member and Mrs. Fred Andrew sr., as the prospective member.

A special feature of the afternoon was a review of the book "Runaway To Heaven" by Jo Hanna Johnston, a biography of Harriet Beecher Stowe, given by Mrs. Dallas T. Harrell of Edwardsville.

The traveling silver tray was presented to the Rox-Ann unit for acquiring the most new members during the 1965 drive, and bookends of Abraham Lincoln were awarded to the youngest new member, the oldest in years of membership, the member with the most children, and the new member who brought in the most new members. Past presidents of the Association were special guests.

The new members from the Trio Unit of this city are Mrs. George Little, Mrs. Clarence Chalupny, Mrs. Edward Jacobs, Mrs. Leonard Gerlach, Mrs. John Luckert, Mrs. Ben Forshee and Mrs. Lloyd Romine. Mrs. Edward Graklanoff was the membership chairman.

In addition to these new members of the Granite City Unit listed were Mrs. Filomena Gruber, Mrs. Adolph Gruber, Mrs. Lois Hayes and Mrs. Benjamin Rose.

Others attending from the latter unit were Mrs. Kathryn Arnold, second vice-chairman, and Mrs. Eugene Osborn. Mr. Elmer Neumann of the Trio Unit is second vice-chairman of the district.

Barclay-Signall Engagement

Announcement is being made of the engagement of Miss Marie Louise Signall, a daughter of Mr. and Mrs. Thomas G. Signall, 3027 Warren avenue, to Robert Lee Barclay, son of Mr. and Mrs. Frank B. Barclay, 2828 Yale drive.

The bride-to-be was graduated from the Granite City high school and is employed in St. Louis.

Her fiancé is also a graduate of the local high school and attended Monmouth College in Monmouth, Ill. He is presently serving with the U.S. Navy and is stationed at Jacksonville, Fla., where he is an aviation electronics technician second class and is a radio operator in a hurricane squadron.

Wedding plans have not been made.

Mrs. Fischer is P.E.O. Hostess

The home of the president, Mrs. Harold Fischer, on Madison avenue, was the place of meeting Monday afternoon for Chapter HT of the P.E.O. society. Fifteen members attended.

After luncheon, Mrs. Fischer conducted the meeting and plans were made for the officers to attend a training school sponsored by the Metro East Round Table in East St. Louis today.

The seven officers are Mrs. Fischer, Mrs. Paul Surbey, Mrs. James Harsh, Mrs. A. F. Buentz, Mrs. Robert Backs, Mrs. Charles Kohl and Mrs. George Marshall.

The program for Monday's meeting was given by Mrs. M. E. Anderson on the P.E.O. Education Fund. The fund was established in 1907. Mrs. Anderson explained, as a revolving loan fund, its purpose was to assist young women in the United States and Canada to attain an education higher than the high school level.

WRECKED FREIGHT CARS shown here were among 19 derailed in a 92-car Illinois Terminal Railroad train along Route 35 Tuesday night. The train

was enroute to the Madison yards from Alton. Though tank cars were involved, none contained high explosives and there was no explosion.

Indian Names in Illinois

John W. Allen, Southern Illinois University, says that the Illinois country naturally needed names for the communities they established. For these, they turned to several sources. Some are from the names of individuals, Anna and Elizabeth being examples of surviving ones named for women. Those named for men are legion. Some took their names from landmarks, like Bellefontaine, Cave-in-Rock, Prairie du Rocher, Grand Tower and Grand Chain. An occasional name appears whimsical. A book lying on a table where some men had met to select their new post office led to its being named Book. Later it became Eddyville.

Biblical Names
A host of names come from the Bible or the pages of history. Mount Carmel, Carmi, Washington, Marion, Lawrenceville, Palestine, Hamilton and Franklin are representative ones. Many other names scattered widely over the state are of Indian origin. Some of these follow. Wetaung in Union county is to commemorate an Indian leader among the Cherokee who were being forcibly removed along the Trail of Tears from their old lands in the Great Smokies to Indian Territory during the winter of 1838-1839. Wetaung died and was buried where the village now is.

The river bordering southeastern Illinois was given the name Wabash because that was "shining water" in the Indian tongue. Ohio, to the Indian meant "beautiful river"; the French borrowed "beautiful river" and called it "La Belle Riviere."

Osage and Ozark
An early village in Franklin county was named Osage, the Indian name of the tree, Osage, that once was used for fences over much of the prairie country. Ozark in Johnson county is from the same tree that the French called bois de arc. Pana got its name from the Pawnee Indians that lived in Missouri and were often captured and held as slaves by the Illinois tribes. The French also took the word Pawnee, spelled it "pani," and used it to designate a slave.

Some names came from Indians that lived far outside the area where the name was used. Bogota, the name for a settlement in Jasper county, came from an Indian center in the republic of Colombia in South America. Just how it got to Illinois was not made clear. Cahokia, name of one of the six tribes that made up the federation of the Illinois, had its name used for several purposes, some of which bore no direct relationship to that particular tribe. The name was applied to many earthen mounds that were built long before the coming of the federated tribe to inhabit the region.

Chicago Named For Odor
Going upstate, we find Chicago, spelled 39 recorded ways, was so called for the odor of wild garlic that abounded there. When the Chicago stockyards expanded, its

Suffers Broken Ankle

Earl Minson, 50, of 4013 Kasberg lane, suffered a broken ankle in a three-car accident on Pontoon road at Nankook road Wednesday morning. Minson said the accident occurred when his car struck the rear of one driven by Robert Strauss of Pontoon road, knocking the Strauss car into a third auto. Minson was treated at St. Elizabeth hospital and released.

A three-year-old child was injured and two autos were involved Monday in a collision at Market street and Broadway in Vinton. Police reported the mishap occurred when cars driven by Charles J. Szepepanek, 2542 Ivy lane, and Lloyd H. Luckner, Alhambra, Ill., collided at the intersection. Both cars were headed west on Broadway. Police said Marilyn Szepepanek, three, received chin injuries. Both cars were damaged extensively.

Three-Auto Accident

Two drivers, Robert L. Strouse, 41, of 2526 Buehner blvd., and Earl R. Minson, 50, of 4013 Kasberg lane, complained of pains after a three-auto accident at 7:50 a.m. Tuesday on West Pontoon road at Melrose avenue.

Autos driven by Frances F. Hogan, 3844 Lake street, and Strouse were stopped, waiting for a school bus to load. Minson, driving the third car, said he dropped cigarettes in his lap, and when he took his eyes off the road for an instant, he ran into the rear of the Strouse auto, knocking it into the rear of Hogan's car.

The prowler was a cat, but not on a hot, tin roof. Upon receiving a report of a prowler at 12:40 a.m. today, a police patrol car was dispatched to 3221 Johnson road. Upon investigation, they learned that a cat had jumped onto an air conditioning unit outside a window and was making noises.

Six Area Theft Reports Include Tavern Burglary

Burglars stole \$69 from a cash register, \$79 in coins from a cigar box under the bar, \$40 in coins from a juke box, an unknown amount of money from a cigarette machine and 11 1/2 lbs. of whiskey valued at \$50 in a break-in at the West Side tavern, 304 West 20th street, early Wednesday.

The discovery was made by a passing patrolman at 3:25 a.m. who noticed that the front door was pried open with a bar, but no persons were arrested in an earlier chase were implicated in the crime.

The two, a man and a woman, were released Wednesday afternoon for lack of sufficient evidence after questioning. Granite City and county authorities spoke.

The car jumped a curb and stopped in the yard at 2214 M. St. near 20th street, and the two men fled. One was caught at the Johnson-Whitney, however, after being chased by a police dog handled by Officer Paul Parmley.

Raymond A. Gabel, 18, of 2312 State street, was charged with the theft of a car of his landlady, Mrs. Ida Zimmerman, and becoming involved in a hit-and-run accident before returning home with the car.

He is charged with failure to perform his duty after striking and releasing an unattended vehicle. The left rear of a parked car owned by Stephen Knogle, 2224 State street, was struck at 12:35 a.m.

Mrs. Zimmerman apparently was awakened upon Gabel's return, noticed her auto was parked in the same position and was damaged. Not knowing that her tenant may have taken it, she called the police, who were born in Germany, is a student at the Southern Illinois University-Southwestern campus. He was scheduled for court appearance today.

Window Looters

Brazen thieves broke a display window at Schermer's Hardware store, 1918 Delmar avenue, and removed two portable television sets to their auto parked in front of the store at 1:50 a.m. Tuesday.

Two men were spotted by an area resident, who heard breaking glass and called police, but they got away in a 1955 or 1956 auto. The TV sets were valued at \$100 each.

Venice police reported this week that a tool shed owned by General Contracting Co. was broken into and that two rain coats were found west of the shed. Entry was gained by prying open the door which had been nailed shut. The contracting firm said it would make a check of the shed's contents to determine if anything is missing.

Slot Car Control Unit and a piggy bank containing \$5 in change were stolen in a burglary at the home of Lyle Hartzel, 160 Tennessee avenue, East St. Elizabeth, Tuesday. Entry was gained by throwing a rock through a bedroom window. The total value of the loss was listed at \$30.

Saw, Drill Stolen Ray Romine, 2801 Cleveland blvd., reported at 8 a.m. today that a skill saw valued at \$89 and a drill valued at \$39 were stolen from his garage at an unknown time. Two gallons of antifreeze valued at \$4 also were taken.

Beaten Outside Tavern, Treated at Hospital Homer W. Jones, 36, of 2510 West 24th street, was treated at St. Elizabeth hospital about 1:30 a.m. Wednesday for an injured right shoulder.

Jones told sheriff's deputies that he was attacked and beaten by an unidentified man outside the Dover Inn as he left the place.

Marriage License Issued

A marriage license has been issued by Deputy Clerk Elvira Thurber to Patricia E. Negretti, 1900 Seventy-fourth street, East St. Louis, and Raymond Harris, 1032 Madison street, East St. Louis.

Passes Red Light

Helen M. Woodside, 2555 Spaulding, was arrested at 11:50 a.m. Wednesday on a charge of passing a blinking red traffic light at 26th street and the highway. She was summoned for a hearing by April 14.

Sheriff Fires

sheriff could not be reached yesterday for comment on the allegations, or for further details on the incident of insubordination.

Bowman's Comments

Bowman said today, "I was fired because I filed for sheriff." He plans to confer with the state's attorney and to present information for a grand jury investigation of the sheriff's office in connection with the trespassing fines at the Alton race track.

The ex-chief investigator said he has worked 24 hours a day at times and did not have a vacation in 3 1/2 years. He added that since he filed petitions on March 21, no cases have been directed to him and that the duties were assigned to untrained men.

Bowman said his county auto was taken away from him this week, and that he was notified of his discharge by Fraundorff, who "walked into my office, handed me a slip of paper and walked out without having said a word."

New Investigator

The sheriff's new investigator, Clemons, has been on the staff since 1963 when he was employed as a radio dispatcher. Last November, he was promoted to a night-riding deputy.

Clemons, who is single, received a certificate from the University of Illinois police school held in Granite City late last year.

Grover Matthews, 73, Dies Suddenly

Grover C. Matthews, 73, of 2021 Cleveland blvd., a retired pipefitter, collapsed on the sidewalk at 20th street and Edison avenue, just a few feet from his destination, a physician's office, yesterday.

He was pronounced dead by Deputy Coroner Robert Thomas, who was summoned to the scene with a Granite City police. Death was attributed to a heart ailment.

Released from hospital just ten days ago after suffering a heart attack, Mr. Matthews was walking from St. Elizabeth hospital, where he had undergone a chest x-ray at the hospital, to his doctor's office to complete some hospitalization forms, when he collapsed. Passers-by notified police.

A resident of Granite City for 42 years, Mr. Matthews was born in Tex. Mo. He had retired in 1961 from General Steel Industries, Inc., where he had been employed as a pipefitter. He was a member of Moose Lodge 272, and the General Steel Fellowship Club.

He is survived by two brothers, Tony Matthews, Clearwater, Fla., and Bryan Matthews, Chicago; and two sisters, Mrs. Irene Harvey and Miss Jessie Matthews, both of Chicago.

Funeral arrangements are given in today's obituary column.

GCIS Band to Perform At Bach Festival

The Granite City high school band will perform at the special Bach Festival program in Kila Auditorium on Friday, April 15, it was announced today.

The band, under the direction of Louis Meek, will play chorales in a prelude to the "Passion According to St. Matthew" program sponsored by the Festival.

Also featured in the program will be the St. Louis Symphony Orchestra, the Bach Festival Chorus and the St. Louis Lutheran Children's Choir. The program begins at 7:45 p.m. with the Granite City high school performing.

Meek said festival conductor William Heyne attended a concert by the GCIS band and was impressed so much that he invited the 100-member group to perform at this year's program.

Hurt in Fall

Donald Rogers, 33, of Wood River, a construction company employee, was admitted at St. Elizabeth hospital at 1:30 p.m. yesterday after he fell from a truck, striking his head. He also sustained injuries to his nose, left hand, and abrasions to his back and legs. No further details of the mishap were available.

Speeding Charge Filed

Brett E. Bjorkman, 2319 Waterman avenue, was arrested on a speeding charge at 12:06 p.m. Wednesday at 2800 Madison avenue where police operated a radar unit. He was summoned for a hearing by April 11.

Trash Ignites Garage

Burning trash caused about \$75 damage to the side of a garage at the home of Esther Langlois, 1700 Delmar avenue, at 4:35 a.m. today, the fire department reported.

Request for Bingo Rejected by Mayor

A reported return of bingo to a private club within a few blocks of the business district was reported last night but no evidence was found by police.

Police Chief Raymond Willard said he assigned a police sergeant to duty of inspecting clubs for any such operation last night and he found no evidence of bingo games.

Mayor Partney said today he had been approached by members of the VFW club for operation of bingo, but that he had turned them down. "These weren't the club officers; just some of the members who approached me," the mayor said.

"I told them it was against the state law, and that there would be no such operations in Granite City," Partney added.

Work Starts Today On Arlington Pool

Construction started today on an estimated \$80,000 swimming pool, sunbathing area and bathhouse at the Arlington Golf Club, located east of Highway 111. The new pool facility, being built adjacent to the present golf course, is to be operated as a separate division of the Golf and Development Corp., under the name the Arlington Swim Club, with membership limited to 500 families.

Staking and preliminary groundwork was begun this morning by the contractor, Modern Trend, Inc., of St. Louis, which expects to start excavation work tomorrow, or Saturday. Earlier this week, a construction permit was issued for the project by the Illinois Department of Public Health and Division of Sanitary Engineering.

Deadline for completion of the extensive expansion program is May 15, with the L-shaped pool and adjacent facilities to open on that date, according to Avery Schermer, president of the development corporation.

Accepting Members

He added that applications for membership are now being accepted, and each applicant to be recommended by an existing member of the golf club. An initiation fee of \$50 per family will be charged for pool membership, plus \$35 annual dues.

Cost of pool membership differs from club fees. The dues are set at \$24 per year and requires no initiation assessment. Schermer pointed out, he said, a limited number of golf members' ships also are available at the present time.

Schermer explained that the main portion of the pool will be 75x42 feet, with a graduated depth of three to five feet. The lower leg of the L, maintained primarily for diving, is to measure 33x30 feet, with depths from five to 11 1/2 feet. One-meter and three-meter diving boards will be located in the diving area.

The square wading pool will vary in depth from 15-21 inches, Schermer said. Approximately 10,000 square feet of sundeck is to be constructed around the pool, with an additional sunbathing area atop the clubhouse and locker room building. Built according to specification of state health authorities, the one-story brick bathhouse with its flat-top roof will contain 2600 square feet for shower, washroom, changing area and locker room facilities.

The entire pool edge will have a 2 1/2-inch ceramic capped gutter, topped with a six-inch width of red quarry tile, the club official said. Four stainless steel filter units, encompassing 160 feet of filtration area, will recirculate the pool water every six hours. Schermer said the units are pressure-diatomaceous earth type filters with an automatic 50-pound gas chlorinating system to keep the pool free from health hazards.

Eagle Park Meeting Planned for Saturday

Continuing the practice of improving their own community through a job placement program, addition of street lights and fire plugs, and the proposed installation of adequate sewer system and sewage treatment facilities, Eagle Park Improvement Association officials are to explain the various projects to residents at 8 p.m. Saturday, in the Harrison Center, Roosevelt and Harrison streets, Eagle Park, it, is announced today by Cleveland A. Johnson, association president.

All residents are being urged to attend, the official said, to hear progress reports on the proposed programs. Since a previous public meeting, association officers have consulted with an engineering firm and federal and state authorities on the sewer installation proposal, Johnson said.

Marine Cpl. Goforth Serving in Vietnam

Marine Lance Corporal Ronald E. Goforth, son of Mr. and Mrs. Russell B. Goforth of 1329 Meridian street, is serving in the Chu Lai sector of Vietnam with Company "A" of the 1st Reconnaissance Battalion, a supporting unit of the 3rd Marine Division.

"Recon" Marines often called the "eyes and ears of the division," conduct both day and night combat and reconnaissance patrols, raids, ambushes and other types of combat operations against the Viet Cong. Members of his battalion also help defend the Chu Lai perimeter against the communist guerrillas.

Arrested for Speeding

Jerry Lee Singleton, 24, of 2830 Lincoln avenue, was arrested at 10th street and Madison avenue, at Madison, at 2 a.m. today on a charge of speeding. He posted his driver's license as being pending an April 13 hearing in magistrate's court.

Go Fly a Kite— But Do It Safely

Kite flying, the traditional spring sport, can spell tragedy unless children follow a few simple safety rules.

Parents should see that youngsters have proper string for their kites and that they stay in safe areas, away from power lines. Good kite string is sturdy and nonmetallic so that it will not conduct electricity. With children, emphasize the need for keeping the string dry. A water-soaked string may be a good electrical conductor.

If the kite does happen to tangle with power lines, leave it alone. Kites can be replaced easily—a child cannot. Encourage children to fly kites in fields where there are no stones, stumps, ditches or other obstacles. Getting the kite into the air takes all the flyer's attention, and he doesn't have time to watch for tripping hazards.

More Mothers are Working

Records show that more mothers are working outside the home than ever before. Three of every five women who work are married. Two of every five working mothers have at least one child under 18 years.

There are four reasons for this upward trend. First, economic organization in the United States is changing. Homemakers can no longer do many of their duties most efficiently or economically themselves, so they are buying many goods and services to replace those they formerly provided. Fathers' salaries are being used in greater part to buy these goods and services. This change not only means that the family may need more income to achieve and maintain a high standard of living, but it also means that mother has more free time for employment.

Second, women are better educated now than ever. Their advanced education increases their usefulness in the labor force. Third, mothers have fewer children now than they had 100 years ago. The average number of children per family in 1860 was six; in 1960 it was three. Most women have all their children in one decade. The average woman completes her family at age 26. At age 32 her last child is in school. Therefore, mothers have an increased period of employability.

Fourth, the place of the employed mother is changing. Society is questioning the stereotyped ideas that the mother who neglects her children and is working primarily out of need. Most women in the middle class now choose employment instead of being forced into it.

Herbs Perk Up Fish Dishes
Fish of chopped basil, dill or tarragon leaves or other herbs will accent bland fish dishes. Meal planning during Lent can be a pleasant challenge instead of an ordeal when you experiment with herbs to season fish dishes.

Often a meal centered around fish lacks flavor appeal. Just a touch of herbs can perk up the same dish. You need to use only small amounts of herbs. Since family tastes vary, it's best to experiment first by adding pinches. An herb butter is a fine complement to broiled, baked or fried fish. Add one-half teaspoon of dried herb to 4 tablespoons of butter. You may like to use dill, mustard, celery seed or curry. Or you can prepare the fish with butter and then sprinkle finely chopped dill, basil or tarragon leaves over the top just before you serve it.

A dash of thyme perks up clam chowder in 10 minutes. Tarragon adds a delicate flavor to lobster dishes. When you serve shrimp simmered in butter with chopped basil leaves, you're sure to end the meal with a clean platter.

A touch of poultry seasoning, sage or celery seed gives fish croquettes a new flavor attraction.

Two Runaway Youngsters Back at Foster Home

Two of the six foster children for whom Mrs. Edith Hackney, 128 Robin street, Venice, is now caring, returned home Wednesday night after a runaway camping trip. The boys, 12 and 16 years old, were "mighty tired and awful hungry," Mrs. Hackney reported.

The youngsters disappeared from the Hackney home Monday night while Mrs. Hackney was attending a banquet where she was honored by the Juvenile Officers' Association for her 16 years as a foster mother. Mrs. Hackney has cared for more than 300 children since 1950. She now is caring for six, and at one time had six children under three years of age.

Airman Jones Graduates At Sheppard AFB
Airman Third Class John F. Jones of 1626 Union avenue, has been graduated at Sheppard AFB, Tex., from the training course for U.S. Air Force electrical power specialists.

Airman Jones, a graduate of Granite City high school, is returning to his Missouri Air National Guard unit at St. Louis.

Present Bi-State Officers to Serve Until January

Present officers of the Bi-State Development Agency, headed by C. E. Townsend, publisher of the Press-Record, chairman, will be retained until next January under a recommendation of the board's nominating committee approved in a regular board session at St. Louis Wednesday afternoon.

The nominating committee pointed out that while an election of officers was scheduled for next month, it considered a one-year term for officers to be too short and therefore recommended continuation of the terms until next January. In addition to Townsend, board officers are Robert S. Knapp, vice chairman; Sidney W. Knappe, treasurer; Morris R. Bearman, assistant treasurer; all of St. Louis and Terry Francis, Granite City, secretary.

The board of directors also authorized action to initiate the transportation system in the north leg of the highway interchange at the higher revenues expected during the summer months. Under the current contract, both legs of the arch are scheduled for completion in October.

Col. R. E. Smyser, Jr., executive director of the agency, was given authority to negotiate with the general contractor, Hoe-Stefen Construction Co., to speed up work on the arch's north leg. Smyser reported that the construction company notified him that by overtime help and weekend work it could complete the north leg in operation early in July at an additional cost of \$22,511, or by Aug. 1 for \$48,000 extra.

Local Group to Tour Sheltered Workshop
Representatives of Quad-City business, industry, labor and professional services plan a tour of the Alton area's sheltered workshop at a date yet to be determined for the handicapped, to take place Monday.

The inspection is designed to provide a better understanding of the purpose and mechanics of operation of the center, in order to initiate a similar facility for the Quad-Cities.

Those participating in the organizational session, arranged by Dr. Stanley F. Maer, who are expected to make the tour Monday include: Milton Morris, Mil-Mor Manufacturing Co., Venice, a member of the Madison County March of Dimes governing board; John Solenberg, Quad-Cities United Fund executive director; Harold V. Thomas, director of special education, Granite City schools.

Edwin Reske, Tri-Cities Trades and Labor Council president; William F. Hoescher, executive secretary, Manufacturers' Association of the Tri-Cities; Dr. George Wilkins, local pediatrician; Atty. Leo Konzen, legal advisor to the Granite City Association for Aid to Retarded Children; Jack Bernhard, Also are now being audited. Based on unaudited figures, the board was told, the system will be \$24,000 short of earning the full depreciation fund requirement under the Trust Indenture. This compares with a deficiency of \$46,000 for the year. February's deficit was due to operating expenses exceeding the budget.

George Ribic, 77, Collapses and Dies

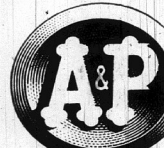

George Ribic, 77, of 901 (rear) North Main avenue, died following an apparent heart attack about 11:30 a.m. Tuesday. He was found lying dead on a table in a conference room located in the same building, where he had roomed for many years. A customer in the store summoned police, and Mr. Ribic was pronounced dead at the scene by Deputy Coroner Robert Thomas.

Mrs. Azin Bogdan, proprietor of the store, told police that she had gone into a rear room and left Mr. Ribic sitting at a table in the store reading a newspaper. About 20 minutes later, she heard a customer come into the front part of the shop and discovered Mr. Ribic lying on his back on the floor. Mr. Ribic had been under a physician's care for a heart ailment about three years ago and had been complaining of being ill the same morning as his death.

Born in Gaspari, Yugoslavia, Mr. Ribic had resided in Granite City for 50 years. He had retired from a machine shop in the American Car and Foundry Co., where he was employed for many years as a machinist. He was a member of Veterans of World War One, Barracks 34; the Croatian Fraternal Union of St. Louis; and the International Union of Machinists. Mr. Ribic had never married.

Surviving are three brothers, Joseph Ribic, Cleveland, O.; Valentin Ribic, Luck Creek, O.; and Steve Ribic, Yugoslavia; and a daughter, Mrs. Frances Payne of Wood River.

Funeral arrangements are given in today's obituary column.

HOLY WEEK DEVOTIONS

A series of brief noonday devotions will be conducted at Hope Lutheran Church, 3715 Wabash avenue, April 4, 5 and 6, beginning at noon and ending at 12:25. The public is being invited to attend, coming from work without changing attire.

Paster Alfred Buis will deliver brief meditations on the topics, "Barren or Fruitful," "A Widow's Gift" and "The Betrayer."

Mrs. LeGrand Hostess

To BETHANY CLASS
Mrs. Jean LeGrand was hostess Monday evening to the Bethany class of Emmanuel Baptist church in her home, 1616 Wilson avenue, for a monthly meeting. Mrs. Jean Harper opened the meeting with prayer, followed by devotionals entitled "Christian Love, Faith and Hope," presented by Mrs. LeGrand. Reports

Plan Testimonial Dinner

For Cong. Melvin Price
U. S. Sen. H. M. Jackson of the state of Washington, former chairman of the National Democratic committee, will be the principal speaker at a testimonial dinner for Cong. Melvin Price, East St. Louis Democrat, April 16. The dinner will be held at Fischer's restaurant in Belleville at 7 p.m.

The affair is being organized by a non-partisan committee of labor and business. William Horstman of Collinsville is chairman of dinner arrangements, aided by William Adrian Jr., vice-chairman, Blanche Helwig, treasurer, and Stanley Sprague, all of Belleville.

were submitted by Mrs. Eva Godwin.

Refreshments were served by the hostess, preceded with prayer by Mrs. Rudy Ackerman.

Those present were Mesdames Eileen Radgett, Shirley Brown, Roselle Trauberg, Mary and Willa Mae Reed, Edna Stagner and Stella Lewis.
Mrs. Brown will entertain the group April 25 in her home, 1632 Moro avenue.

HS Vocal Music Pupils in SIU-SW 3rd Choral Clinic

Students and music teachers from 19 high schools in the area will participate in the third annual high school choral clinic to be held at Southern Illinois University-Southwestern Campus on Saturday.

Among the local students participating will be Ray Voorhees, Sue Carroll, Tracy Gage, Sheila Gibbs, Stan Hoffman, Ron LeGate, Kathy McCallis and Janice Veizer, directed by Warren G. Simpkins of the Granite City high school, and Dolores Day, Lillie Glover, Sharon Koonce, Jerome McClone, Barbara Mulnik, Norma Nash, Jeanette Stahlback, all of the Venice high school, and their director Junetta White.

The day's activities, which will begin at 8:30 a.m. and run until 3:30 p.m., are under the direction of Dr. Leonard Van Camp and are sponsored by the faculty of SIU-SW's Fine Arts Division.

SOCIETY

Mitchell Hosts PTA District

A district PTA board meeting was held Tuesday evening at the Mitchell Presbyterian Church with Mrs. Ida Hanfelder, district director presiding.

Plans were made for the annual spring workshop in Edwardsville May 10. Also discussed was the fall conference, and plans were made to hold the event in Collinsville, with the date set later.

Main topic was the Illinois State PTA convention in Chicago April 21-22. Instructions for delegates were discussed.

Refreshments were served to Mrs. Ula Brandt, second vice-president, of Alton, Mrs. Kathleen Ladlock, district secretary, of Collinsville, Mrs. Betty Day of Collinsville, Mrs. Marjorie J. Jolani and Mrs. Arlene Ritter, both of Wood River, Mrs. Jeanette Harris of East Alton, and Ralph Monken, Homer Johnson, Mrs. Marjorie Jesse and Mrs. Lucille Caban, president of the Area PTA Council, all of Granite City. The next board meeting will be held in June.

Collage Study By Homemakers

A collage craft lesson was given Monday at Schermer's Garden Shop in Madison under the direction of Mrs. F. G. Stevens, a member of the Granite City unit, Madison County Homemakers Association, for other members of the unit.

Those attending were Mesdames Ray Uram, Alvin Hoeller, Wayne Holt, Robert Carroll, Herbert Tempel, Frank Pare and Rufus Ramsey and a guest, Mrs. Ralph Kuber of Edwardsville. The regular meeting of the unit has been changed due to Lenten services at the meeting place, the Extension Association, for other members of the unit.

Named to Dean's List

Mrs. Mary Papa, 1236 Spring avenue, this week qualified for her dean's list for the winter quarter at the SIU-SW Alton residence center. A senior majoring in physical education, she earned a 4.941 grade average out of a possible 5.0.

Jayceettes Induct Two

A monthly meeting of the Granite City Jayceettes was held Tuesday evening at the 300 Room of Tri-Mor Bowl, with Mrs. Sally Herbert, vice-president, presiding. They were Mrs. Sue Mank and Mrs. Sharon Ritchie.

Nine other members and guests attended. Mrs. Sandy Peterson reported on a membership drive since held March 26 and a bowling tournament March 20.

Mrs. Jeanette Holder presented plans for the annual Easter egg hunt for Jaycee families April 3 at Wilson Park. Mrs. Liz Day will donate time April 2 to the immunization clinic at St. Elizabeth Hospital.

The program was slides taken at the Junior Sports Jambores held last year. It was presented by Boyd Presley and Herb Seibert, chairman of this year's sports jambores. Other Jayceettes present were Ollie Swaim of the 111th Illinois Youth Commission, James Burton, Granite City Jaycee president, Vic Wetherholt, Bill Herbst, Grad Krause, Paul Morris and Dr. Emil Stroehde.

Members attending were Mesdames Kathy Jeffries, Donna Wetherholt, Joyce Hogan, Betty Young and Alice Rice. Guests included Mesdames Dolores Solbert, Pauline Presley, Judy Kahl, Connie Stroehde, Joan Tadlock, Mary Watkins, Margie Pennix, Judy Eaton, Evelyn Morris, Mary Beth McGovern, Marilyn Daine, Jo Ann Brewer, Bert Gowen, Marie Donauer, Diane Warrhoff, Phyllis Crews, Myrna Schoofield and Beverly Spomenan.

The next meeting will be held April 26 in the home of Mrs. Day, 2807 Benton street.

Winners Announced

Winners of the prizes offered Tuesday night by the Downtown Granite City Shopping Center Association were announced yesterday by Jerry Shaul of P. N. Hirsch Co., chairman of promotions, and Maurice Rich of Rich's Ladies Apparel, chairman of the Moonlight Madness promotion.

Winner of the portable television set was Philip Temple, 2423 Iowa street, an SIU-SW student and part-time employee at a local restaurant.

Mrs. Annie Nolan, 2116 Iowa street, was winner of the portable radio, and winners of hair-dressers were Mrs. Little Squares, 2823 Edwards street, and Mrs. Loretta Herrington, Apt. 54 Garesche Homes, Madison.

Mayor's Selection Of Engineer Firm Is Voted Down

An appointment by Mayor Parney of the Granite City engineering firm of Sheppard, Morgan & Schwab as consulting engineer for the city was voted down 9-4 by the council Monday night.

The appointment was immediately challenged by Alderman Moerlein, who said the consulting engineer firm is to be hired by contract and that the mayor was outside his authority in submitting such an appointment.

The appointment was opposed by Alderman Nann, Basarich, Johnson, Boyd, Dallas, Moerlein, Parney, Robertson and Groom. Voting in support of the appointment were Alderman Whitmer, Sternberg, Thompson and Fry. The aldermen absent were Rutledge, Bartosich and Poulos.

The city has been without an engineer for nearly a year, and the recommendation made jointly last week by the Personnel and Street committees for Sheppard, Morgan & Schwab to get the position was a subject of debate and deferral of action.

The committee had interviewed three firms and submitted the recommendation based on a \$4800 annual fee by SMS. The other firms interviewed were Research Planning & Design Associates of St. Louis, a firm that holds the city's motor fuel tax street work contract, and Curlew & Associates of Edwardsville.

Council members did not debate the issue Monday night as the vote on the appointment was called immediately after Moerlein's remark. There was no indication what steps would be taken next to get a consultant engineer.

GC's Hackney Gets Football Scholarship

Tim Hackney, quarterback of the Granite City football Warriors last season, has been awarded an athletic scholarship to Southwestern Missouri State College at Springfield.

Warrior grid mentor Jim Morrison said Hackney, the first Granite City athlete to attend that Missouri college, was awarded a full scholarship by SW grid coach Frank Sovich.

Last year, Hackney completed 46 of 101 passes for 557 yards. Eight passes were intercepted. He is six feet, one inch, and weighs 190 pounds.

Garden Clubs Make Plans For Federated Flower Show

"De-Signs for Spring" will be the theme for a standard flower show to be given by the federated garden clubs of this area, according to an announcement by the planning committee which met Monday at the Rose Bowl.

The show will take place May 12 in Wesley Hall of Niedringhaus Memorial Methodist Church and the hours will be 2 until 8:30 p.m. It will feature an artistic, horticulture, and table division and will also offer special exhibits on conservation and education. There will be a special section for junior gardeners.

Entries in the horticulture division will be open to members only, but the artistic division will have a class in which all garden clubs are invited to participate.

In addition to the general chairman named at a previous meeting, other committee chairmen were designated:

They include—Mrs. John Jenkins and Mrs. Fred Orr, Cloverview, and Mrs. Mary Kristian, Gardenaires, scheduled; Mrs. B. C. O'Neill, Cloverview, and Mrs. Barbara Robinson, Gardenaires, publicity; Mrs. Robert McCauley, Cloverview, judge.

Mrs. George Knapp, Cloverview, Mrs. Earl Glen, Gardenaires, Mrs. Rola Grewell, Garden Study, Mrs. Fred Orr, Cloverview, entries; Mrs. W. G. Cooley, Garden Study, Mrs. William Bradley, Garden Study, Mrs. Mary O'Neill, McCauley, staging; Mrs. A. Shannon, Gardenaires, Mrs. August Thies and Mrs. Olivia Lehn.

CRADLE SHOWER
HONORS MRS. EDWARDS

A cradle shower was given this week honoring Mrs. Carol Newman Edwards, a granddaughter of Floyd Taylor, in the home of her aunt, Mrs. Sidney Strotheide, 2904 Hodges avenue.

Games were played and prizes were awarded. The guest list included former Sunday school teachers of Mrs. Edwards, who is now residing in O'Fallon, Ill. They were Miss Marguerite Barker, Miss Tillie Heeter, Mrs. Elda Woerman, Mrs. Lura Stein, Mrs. Bertha Poole, Miss Ethel McReynolds, Mrs. Mary Gribben, Mrs. Anna Martin, Mrs. Lillie Vaughn, Mrs. Verma Spurrier, Mrs. Mabel Hill, Mrs. Ruby Wagner, Mrs. Vendel Dierking, Mrs. Linda Conary, the honoree and her mother, Mrs. Helen LaVelle.

A buffet supper was served by the hostess and many gifts were presented to Mrs. Edwards.

HOME ON LEAVE
Jesse Wise Jr., U.S. Navy, son of Mr. and Mrs. Jesse Wise, 2707 Benton street, has returned home after completing basic training at San Diego, Calif. Prior to enlisting Jan. 5, he attended Southern Illinois University. He is a graduate of the Granite City high school. His leave will be terminated April 12 when he leaves to attend Aviation Electronics school in Memphis, Tenn.

Medicare Program For Auxiliary

The March meeting of St. Elizabeth Hospital Auxiliary was held Monday evening at the hospital. Mrs. Irene Orpelin, president, was in charge.

Miss Rosella Kinney, program chairman, introduced Sebastian J. Vallo, Social Security field representative from East St. Louis, who talked on Social Security and the Medicare program.

Sister Mary Thomas' hospital administrator, spoke on the life of a nun. Miss Ruth Ann Druhe, assisted by Miss Delores Clyde, Eads, Garden Study, Mrs. Charles Kohl, Gardenaires, and Mrs. B. C. O'Neill, horticulture.

General chairmen of the event are Mrs. Charles Kohl, Mrs. V. J. Lissac and Mrs. W. G. Cooley, who also will serve on the hospitality committee.

ENGAGED, Miss Marilyn Floyd, whose parents, Mr. and Mrs. George W. Floyd, 624 Margaret avenue, are announcing her betrothal to Paul Michael E. Viessman, a son of Mr. and Mrs. Emmet Viessman, 2900 East 23rd street. The prospective bridegroom is receiving basic training at Fort Leonard Wood.

ATTENDS ILLINOIS HAIRDRESSERS MEETING

Stanley Coleman of Stanley's Beauty Salon attended a meeting of the Illinois Hairdressers and Cosmetologists Association Monday evening at the Mineral Springs Hotel in Alton.

Eugene May, state president, was present and gave his interpretation of the new "lovely bird" hairstyle. Coleman led the group in Association pledge and announced the winner of the Alton membership drive contest.

VIEWS AIR POLLUTION IN AREA AS SERIOUS

To the Editor:

After reading the Interstate Air Pollution Report on pollution in this area, there are things to be said. No one seems to get upset over a report until someone explains what it means to them or how it will affect them.

I would like to point out some of the most shocking things that could affect people and their small children. With every breath you take in this St. Louis area, you breathe into your lungs a small portion of oxides of sulphur, which is considered a particularly serious health hazard, particularly regarding the respiratory system.

There is also present a substance called benzene which is a known carcinogen. Benzene is a substance possibly causing cancer. Although several tests for benzene have been taken during this study, the results are still inconclusive; but the amount of benzene present was termed "shocking". There have been found five different such pollutants which possibly could be cancer producing.

Reports say that annual inhalation of benzene may be 100 times greater for city residents.

Oxides of sulphur is a particularly serious health hazard to kill of us. It possibly has an effect on the respiratory system, lung function and chronic bronchitis and emphysema. It also possibly destroys vegetation and possibly causes metal corrosion and paint delamination.

Sulphur oxide flow around this area is the worst in the nation when compared with other large metropolitan districts. The St. Louis area, of which we are a part, is rated one of the worst in the nation. We have 174,000 tons of this sulphur oxide emitted into the air each year. Philadelphia ranks second with 155,000 tons.

The city of Granite City has an Air Pollution Commission which will need the help of all of us.

Every year we spend money to clean up everything from street to the city hall. This is the year we are going to have to set up a budget for the cleaning of the air we breathe.

Thank you for taking time to read this. I hope it gives a better picture of what is happening in the air around us.

SADDLE CLUB TO HOLD FIRST SHOW IN MAY

To the Editor:

The groundbreaking ceremonies held on the levee at Rock road by the saddle club March 19 attracted a fine turnout.

Cadet Girl Scouts of Troops 228 and 19, and their leaders, Mrs. Joan Oram, Mrs. Sarah Beadle and Mrs. David Davis, participated, as did mayors or their representatives of Venice, Madison and Granite City. Mr. W. L. Showers and leave trustees Joseph A. Grant and William M. Ebersold. The Press-Record staff cooperated in publicizing our activities.

We hope many residents of this area are looking forward to our first big horse show on the new grounds May 1.

NOT ENOUGH REPUBLICANS ENDORSED BY NEWSPAPER

To the Editor:

Many times in the past year you have advocated the advantages of a two-party system. In this you are right, and respect the principles of our founding fathers.

But near election time do you change your mind? Are you afraid to back a long shot? You seldom endorse a Republican candidate as being qualified for the office to which he or she aspires. Are you playing both ends against the middle?

If you are so interested in maintaining a two-party system, why do you make derogatory evaluations or ignore candidates whom you do muster enough courage to seek public office and use their own money instead of that of the taxpayers?

Why do you bury all Republican announcements in the back pages and place Democratic issues in the front page limelight? Do you call this freedom of the press on the basis of equality? Are you a politician or statesman?

We still have a few statesmen left in both parties, but they are in the minority. They include Dirksen, Moore, Kennedy, Ford, Rep. Ralph Smith and Chuck Percy. Why not give these leaders a build-up and favorable comment?

They do not buy political offices; they win them honestly. Popularity is a wonderful thing. The spoken truth is the desire of God. Let us play it the God's way.

FORMER LOCAL PASTOR WRITES; NOW RETIRED

To the Editor:

You may have a column of "letters from the people" in this area. There have been good enough to publish whole sermons of mine in the past, such as the Memorial Day service for postmen, and other excerpts from the occasions when I give the baccalaureate address at the high school.

I have just received word of the passing of a good friend there, Dr. Irvin W. Green. Also, a clipping from your paper where my good friend, Ronald Clark, was giving his 70th birthday party. Thanks to all and blessings upon all, with deepest sympathy to the Wiesman family.

CITIZEN BAND RADIOS SPEEDED EMERGENCY AID

To the Editor:

On March 23 at 7:15 p.m., at Franklin and Pontoon road, left of Teller, KVK-425, witnessed an accident and immediately, by two-way radio which he has in his car, called to the police and to contact the local police and ask an ambulance to come to the scene of the accident.

Gravelly Street, 4118 8627, another Citizens Band, heard the call and immediately made the phone call to the station. We have 174,000 tons of this sulphur oxide emitted into the air each year. Philadelphia ranks second with 155,000 tons.

The city of Granite City has an Air Pollution Commission which will need the help of all of us.

Every year we spend money to clean up everything from street to the city hall. This is the year we are going to have to set up a budget for the cleaning of the air we breathe.

RECALLS POST OFFICE CORNERSTONE CEREMONY

To the Editor:

A patient of mine sent me some clippings of the story on opening the cornerstone of the old post office.

I remember quite well when the cornerstone was laid (in 1911). It was truly a great day for a young boy who later left the postmaster, and I shall never forget it.

I would appreciate greatly your sending a copy of the paper of March 10 if available to my two brothers, whose addresses follow: Gerald J. Thompson, Mayo Clinic, Rochester, Minn., and Dr. Edward C. Thompson, Carle Hospital, Urbana, Ill.

As you know, all three of us were graduates of the Granite City public school system and obtained our professional education in St. Louis at Washington University.

I do not get over to Granite City with great frequency, but the great changes in my little "home city" since that cornerstone was laid have been tremendous.

'Revolutionary' Farm Machine Demonstrated

Fifty-five dealers and farmers attended a workshop meeting Tuesday evening at Lakeview Equipment Co., Highway Three north of the A. Smith Corp., for introduction of the new "Optimum tillage planter."

The machine, first to be placed on the market by any of the major farm machinery builders, was described as "revolutionary" in that it produces the seedbed, distributes fertilizer, sows seed, places insecticide around the seed and sprays weed-killers.

The machine is now in operation. This reduces drastically the number of trips over a field. It was noted that it increases crop production by reducing soil compaction. J. I. Case Co. has field-tested the machine for production of the first farm machinery manufacturer to introduce a machine as a complete package. Lakeview Equipment, local Case dealer, was host to dealers from southwestern Illinois and eastern Missouri for the demonstration.

Park Plan Being Revived

City to Buy New Insect Fogger, Clear Old Cemeteries

Quick purchase of an insect fogging machine to replace a worn-out, seven-year-old machine and purchase pellets to kill weeds in the old cemeteries in East Granite were authorized Monday night by Granite City council members to cope with the arrival of spring.

While it was noted the purchase of the insect machine may have to wait until budgeted in the new fiscal year—which starts

May 1—council members instructed the Finance committee to look into the matter immediately so the purchase could be consummated as quickly as possible.

The city operates two fogging machines in the spring, summer and fall to fight mosquito and housefly invasions.

City Inspector Jack Fricker said he would begin immediately upon the purchase of weed-

killing pellets to get to work in the cemeteries in East Granite, near Kirkpatrick Homes.

Cemetery—Park Committee Mayor Partney is to name a three-member council committee to work with a citizen group to be selected by the committee for work toward development of the cemeteries as a "quiet park."

The move was started two years ago, and former assistant city inspector William Jenkins

headed the group working with citizens and Catholic and Protestant Church authorities and the Granite City park district for establishment of the park.

Jenkins still is active in the movement, assigned to the task by the Catholic Bishop, and he was suggested as a member of the citizen group to work with the council committee.

Revival of a council committee was recommended by Alderman

Partney, and Mayor Partney said he would proceed with a selection.

\$270 to Cut Weeds

Inspector Fricker pointed out the average cost of weed cutting is \$270 on the cemetery tracts, and that the weeds are cut an average of three times a year—\$810. In addition, Fricker commented, the fire department answers at least four or five weed fire alarms at the cemeteries each fall.

He was instructed to confer with the Finance committee and then proceed with its approval to buy the weed killing pellets.

Wm. Champion, 68, Dies in Wisconsin

Funeral services were held Monday in Rockford, Ill., for William W. Champion, 68, of this community, a former local resident, who died March 24, in the Veterans' Administration Hospital, Madison, Wis. Since becoming ill last August, he had been hospitalized on several previous occasions. Death was attributed to cirrhosis of the liver.

Drivers Licenses of 4 In Area Suspended

Suspension of driver's licenses of three Granite City men and one Madison man was reported Wednesday by the office of Secretary of State Paul Powell.

In all instances the licenses were suspended because the motorists were convicted of three traffic violations.

Granite City drivers whose licenses were suspended are Gary E. Brooks, Rural Route One; David L. Candler, 2668 Highway 67; and Donald R. Thompson, 2729 Harding street.

The fourth suspension was that of Chester W. Vest, 1927 Sken street, Madison.

A probationary permit was issued by the secretary of state for William E. Garrett, 123 Lee Wright Homes, Venice.

Recruit Graduate

Marine Private Robert E. Ennis, son of Mr. and Mrs. Edward Ennis of Rural Route One, Thurngate road, has been graduated from Marine Corps Recruit Depot at San Diego, Calif.

Dr. Wilkins Named to GC Air Pollution Control Board

Appointment of Dr. George Wilkins, local physician, of 1294 Twenty-seventh street, to Granite City's Air Pollution Control Commission was approved Monday night by the city council.

Dr. Wilkins was named by Mayor Partney to complete the term of the late Dr. Irvin Wilkins. The city's air pollution control ordinance specifies a physician is to serve on the board. The appointment was approved unanimously.

The city received a letter Monday night from C. W. Klassen, technical advisor for the state Air Pollution Control Board, that a notice has been sent to West Side Auto Salvage Co. on Route 3 of a violation noted March 18.

Klassen said he advised the operator to halt open burning immediately. The violation was viewed by Anton Tellord, an engineer for the board's East St. Louis office.

Aldermen referred the letter to the city board, but it was pointed out the salvage yard is outside the city limits.

Zone Change OK'd

In other business, the council approved an amendment to the zoning code to permit James Green to build eight-unit apartment buildings on four lots in the 2300 block of Washburn avenue.

Placed on first reading was a request by Harold Carver for a C-2 commercial zoning classification for 2814 Nameoki road, where he now operates a service station.

Compliance with a Granite City park district request for notification of new areas being annexed to the city was voted Monday night.

City to Give Notice

The council received a letter from the City Plan Commission noting that the park district would like to accomplish annexations whenever possible, but is often unaware of the city's action until it is too late.

Clerk Homer Penleton was instructed to advise the park district's legal staff of any future annexation plans by the city.

Approved was purchase of a van-type truck for the city humane officer on a low bid of \$1783 by Mathews Chevrolet Co.

Other bids were \$1800 by Brewer Motor Co. and \$1875 by Hummer Pontiac Co. Handley submitted a lone bid of \$75 a month for a 24-month lease on the vehicle.

Also accepted was a \$60 bid for repair to police car No. 3.

which was damaged Sunday night while officers were answering an emergency call and the vehicle rolled onto Nameoki road. The low bidder was Able Auto Body shop. Other bids were \$71 by Bill's Auto Body shop and \$83 by Andy & Johnny's.

Placed on file was a letter from City Atty. Allen recommending the city confer with Congressman Price if further action is to be sought to fight the closing of local agency offices by the Gulf, Mobile & Ohio and the New York Central railroads. The closings are in the process of being granted by the Illinois Commerce Commission.

Allen noted the GMR&O agency could be of use to the Granite City Army Depot.

Venice HS Elects City Officials to 'Rule' on Apr. 20

By JUDY REIDELBERGER

Judy Reidelberger was elected as the student "mayor" of the city of Venice in balloting conducted Tuesday at Venice high school. She is a senior.

Other students elected to office are Kathy Wilkinson, police chief; Barb Kutz, fire chief; James Ochoa, city attorney; Stanley Williams, superintendent of streets; Margie McGarrahan, humane officer.

Roger Schaffner, city treasurer; Mary Jane Gray, city clerk; Mike Leatherman, building inspector; Larry Gardner, bridge manager; Cindy Bosworth, postmaster; and Jerry Devany, city engineer.

The students will spend the day with their counter-parts in the city administration on April 20, and will attend the meeting of the city council on April 15.

The annual variety show and coronation, which has been a yearly event since 1959 and was originally scheduled for tonight, has been canceled for this year.

Whether the coronation will be held at a later date has not been decided. The coronation has been

David Gray Enlists In U. S. Air Force

Margaret Ahlers, daughter of Mr. and Mrs. C. Murray Ahlers, 4106 Maryville road, was a member of a team of three presented with a superior rating on their project, "Effects of Gamma Radiation on Algae," at a science fair held in Springfield.

The other participants were Connie Hannagan, Penfield, and Helen Gibbons, Pontiac. They are juniors at Sacred Heart Academy, Springfield.

The highlight of the variety show as the Miss and Mr. Venetian, the yearbook queen and king, were announced.

Local CYO Wins Diocesan One-Act Play Competition

St. Margaret Mary's CYO has won the 1966 diocesan CYO one-act play contest held at Springfield with a presentation of Thornton Wilder's "Happy Journey," directed by Mrs. Margaret Holland Pennell.

As it is a new parish, it was the first time for the youth group to enter the annual competition. Mary Ellen Zikovich, who was cast in the lead, was awarded the annual "Oscar" for the best performance by an actress.

Other members of the cast were Newton Tapp, Robert Edwards, Jean Graklanoff, Edward Breidenbach and Margaret Walck.

Sixteen plays were staged in the contest, including "Campaign for Two" by the St. Elizabeth CYO, directed by Jim Reinhardt.

Day of Recollection Set For Catholic Teenagers

A Day of Recollection will be given Sunday afternoon by the Catholic Youth Organization of St. Mark's Church, Venice, for all area teenagers in high school as well as all area CYO members.

Registration will be at 12:30 p.m. in the church basement. The registration fee will be 75 cents.

Rev. J. W. Houran, Alton deanery CYO director, will conduct the day's program which will include three conferences, discussion periods, an informal question-and-answer period, confessions and the Sacrifice of the Mass at 5 p.m.

Special permission for the late afternoon Mass was granted by Most Rev. William A. O'Connor, bishop of Springfield.

The conferences will deal with timely topics of interest to teenagers and their role in the

church in the world today. The first will be "Encounter with Christ in the Sacrament of Penance; You Can Crack Up Your Lives; and A Christ-Centered Life."

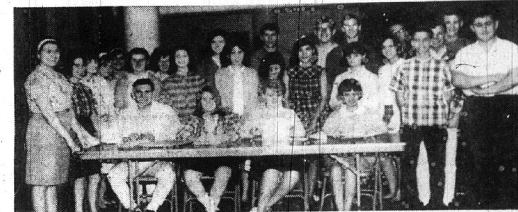

The second will be on "The Seven D's," development, dating, drinking, driving, disobedience, dancing and dress.

The third will be on "The Joy of Christian Community," including encounters with Christ in baptism, sacred scripture, the Eucharist, thy neighbor and Christ in glory.

A lunch will be served after the Mass.

Teachers Meet Friday, Schools to be Closed

More than 280 teachers are expected to attend the 10th Madison County Teachers Institute to be held at Webster junior high school, Collinsville, and Alton senior high school tomorrow. Classes will be dismissed for the day.

Teachers from Quad-City schools were assigned to the Collinsville center. Speakers will be:

Dr. Leo G. Bent, dean of the college of education, Bradley University, on "If We Don't"; Dr. W. Lee Martin, former U. S. Olympic star and a professor at Indiana University, on "Backyard Diplomacy"; Dr. Bergen Evans, professor at Northwestern University, on "The Language We Speak"; and Court Judge Philip B. Gilliam of Denver, on "What's Wrong with People."

The program will adjourn at 1 p.m.

2 Girl Scouts Attend 'Fidafut' Conference

Carolyn Votaw and Norma Throne, members of Girl Scout Troop 110, were two of five senior Girl Scouts selected by the River Bluffs council to attend a "Fidafut" senior conference in Bloomington last weekend.

The "Fidafut" conference (fun in drama, arts for the untalented), was sponsored by the Bloomington Centrillico council.

The two local scouts were entertained in the home of Bloomington scouts. Their weekend events included workshop in arts, drama, music, circle dancing, creative craft, calligraphy and oriental brush painting.

Saturday evening was highlighted with a dinner and dance from 7:30 to 10:30 p.m. The girls attended church with their hosts Sunday morning, and after a noon smorgasbord, they returned to Granite City.

Agency Offers Aid To Youths To Find Summer Jobs

A nationwide campaign urging America's youth to make summer vacation time "profitable in all senses of the word" is under way locally.

Advising employers to get in their part-time summertime job orders early this year, Kenneth Davis, East St. Louis manager of Snelling and Snelling, Inc., professional employment service, says:

"Spring vacations are just around the corner. Some of the best of the high school and college candidates for summertime jobs will be applying to us then. We know from experience that the farsighted early birds are among the cream of the vacation crop."

The firm provides free service for placement of students in summer jobs. No fee is paid by

Typing Course Offered During Summer at EIU

A beginning typewriting course will be offered this summer at Eastern Illinois University, Charleston. Dates for the course are June 4 through Aug. 13. Classes will meet at 1 p.m.

Jr. High Youth Programs Increasing at Local 'Y'

More than 150 junior high school students attended the Junior High Hop Friday night at the YMCA. The event is held every other Friday night.

The Marauders played as students from every Granite City high school danced, played ping pong and billiards.

The "Saturday at the Y" program also is proving to be successful, according to David Walker, youth director, with more than 125 participating last Saturday afternoon. The Soul Searchers, a young group of musicians comprised of Jim Harper, Charlie Hacke, Mike Chosick and Ross Pollette, played for dancing.

Other activities included lobby games, a recreational swim and a junior high "Y" varsity basketball game.

Walker reported that four Junior High-Y and Tri-Hi-Y clubs are now active, involving 75 students who meet on Saturday afternoons.

The Alpha Philas club kicked off a candy sale last Saturday and hope to earn about \$85 for a future project. Mrs. Marge Vennick and Mrs. Almeida Hayes are the adult advisors for the club which has more than 30 ninth graders from Coolidge junior high school.

A dance class started Saturday afternoon, featuring modern versions of the jitterbug and other fast dance steps. Instructors are April Holmes and Darla Walton. The class will meet 3 to 4 p.m. Saturdays and involves a nominal charge per session. It will continue through May.

Information on any phase of the junior high program at the "Y" may be obtained by phoning Walker, Mrs. Bonnie Fuller or Dave Williams at the YMCA.

Troops in Vietnam Ask For Mail to Boost Morale

A request for mail to help boost morale among troops in Vietnam was received this week by the Press-Record from L/Cpl. David L. Dumavant, 19, son of Mr. and Mrs. Everett Dumavant, 2009 Troy road, Madison.

He enlisted in the Marines about 2½ years ago after attending Madison high school. His letter follows:

"I am presently serving time here in Vietnam. I am also a resident of Madison, which I am proud to represent while I am here."

"The reason why I am writing to you is because every now and then we get papers from state-side. In them we read about people who are wanting to write to U. S. personnel in Vietnam."

"A bunch of us here have gotten together and are writing our home town papers asking if we could get more people to write and help build up more morale."

and keep us fighting stronger and harder."

'Origins of Blues' Topic Of Lecturer at SIU-SW

"Origins of the Blues" will be discussed at Southern Illinois University-Southwestern Campus Monday by Harry Oster, folk singer, lecturer and college professor. The lecture will be held at 3 p.m. in the Lovejoy library. Currently teaching folkloric courses in the English department at the State University of Iowa and collecting Iowa traditions, Oster has produced 26 long-playing records for Folk-Lyric, and has assembled albums for major companies specializing in folk music. Many of his records have been reissued in Europe.

SIU Enrollment Gains By 273 During Spring

Eastern Illinois University has 4774 students enrolled for spring quarter, a gain of 273 students over the same period the previous year.

'Anechoic,' No Echo Chamber Formed at SIU

There's a wedge-lined enclosure at Southern Illinois University, Carbondale; where one can get a quick feeling of utter isolation. Just step inside the new anechoic chamber and keep quiet.

Anechoic, defined as "no echo," means just that. The room, soundproof and suspended, has fiberglass wedges jutting from all sides, the ceiling, and from below the steel-grated floor. These wedges, looking like section of a huge Cheddar, catch and hold the sound vibrations.

"The sound reflection is as near to zero as possible," said Isaac P. Brackett, chairman of the SIU department of speech pathology and audiology. He said the 15 by 20 foot chamber is used principally by faculty and students interested in audition and speech perception who want to make their tests and observations in an area with no sound reflection. It is available, too, to any department interested in study of sounds.

Building Progress Reported at McKendree

McKendree College, Lebanon, will shortly complete Phase One of its building program (three new buildings) and is about to start Phase Two (four more campus structures).

Phase One, a new science hall, a student union and a dormitory for women, cost \$1,210,000.

Phase Two, a dining hall and three dormitories (two for men and one for women) will cost about \$1,800,000. Construction of these projects is expected to start this summer.

Phase Three—not yet financed—is tentatively scheduled to consist of new classroom and library buildings.

\$39,318 Payroll, \$20,642 Bill List Ok'd by Council

A \$39,318 half-month payroll for March and a \$20,642 bill list that included a \$10,250 payment for garbage-trash collection for the month were approved Monday night by Granite City council members.

Expense allowances on the bill list included \$28 for Mayor Partney, who said a separate \$32 item for "best wishes" cards that were printed, also should have been included among his expenses.

Allowances of \$50 each were approved for Orville Dettour, city building inspector; Delbert Lampher, city maintenance manager; Raymond Willard, police chief; and William Warfield, superintendent of streets.

The \$30 aldermanic allowances were approved for Boyd Fry, Green, Johnson, Nomm, Poulos, Robertson, Rutledge, Whitmer and Bartoskiak and there was a \$80 allowance for Thompson for February and March.

Among other items on the bill list were \$5790 motor fuel tax funds to David Johnston & Associates for engineering on the south half of the Nameoki road improvement project, and \$135 paid to the U. S. Treasurer for rental of the city's sewage treatment plant site at the Army Depot.

Four Area Hearings Set by Zoning Board

The Madison county zoning board of appeals will conduct four on-site hearings April 13, three of them in Nameoki township and one in Chouteau township.

At 9:15 a.m. the board will inspect a site at 3212 Harvard street in State Park Place for a hearing on the petition of Wayne T. Stevens, owner of record, requesting a special use permit to place a mobile home on the property which is in an R-4 one-family residence district in Nameoki township.

A hearing on a petition of Richard W. Atkins, purchaser, and Elvis Doolin, owner of record, for a special use permit to build a carpet, block and tile floor covering store in Nameoki township will be held at 9:35 a.m. on the property located on the south side of Pontoon Road approximately three-quarters of a mile west of Route 111.

The third Nameoki township hearing will be held at 10 a.m. on petition of Dale Fletcher, owner of record, requesting a special use permit to set a mobile home in an R-4 one-family residential district at 2176 Robert street in Miracle Manor Addition No. 2.

Hearing is set at 10:15 a.m. on a petition of Franklin D. Byrum, owner of record, requesting a special use permit to set a mobile home in an R-4 one-family residential section of Chouteau township. The property is located at 644 Ashland avenue in Mitchell.

Sale of Lapel Flowers

Easter Seal Society Drive 'Lily Parade' this Weekend

The annual Easter Lily Parade—sale of lapel flowers to aid the county Easter Seal Society and the Madison County Association for the Crippled—will be held Friday and Saturday in the Quad Cities.

Robert Moske, a Coolidge junior high teacher and general drive chairman for the area, said high school students will sell the lapel Easter Lilies for donations for the campaign.

Moske said Miss Nina Dittman, school nurse in Madison, is arranging for volunteers to aid the campaign in Madison and Venice, while the home economics classes of Granite City high school will be in the downtown business and shopping centers.

Those to take part are Linda Riggs, Glenna Knexevich, Sharon Diagger, Sharon Baker, Shirley Thomason, Barbara Thompson,

Mary Holten, Susan Frederickson, Jean Grakianoff, Donna Burns, Pat Kinkle, Gloria Reese, Sharon Howard, Charlotte Scaturro, Phyllis Kenyon, Hope Hehle, Cindy Higgins, Donna Johnson, Judy Strain, Sharon Waggoner, Rosetta Hedges, Carol Ingram, Marilyn McNeill, Vicky Bogusian, Ruth Doolin, Moske said.

Janice Burlingame, Marie Gibson, Pat McMurry, Phyllis Willis, Linda Sabo, LeEtta Marmion, Connie Ingram and Sharon Perkins.

A preliminary report on last week's house-to-house solicitation resulted in \$1500 contributions, and further reports are expected in hours. The total over \$3000, Moske said.

State and City to Confer On Nameoki road Drainage

A state planned drainage line along Primrose avenue to serve the Nameoki road improvement project is under study by Granite City council members, who were advised Monday night by the East Side Levee & Sanitary District that the line could become a part of the city's overall drainage program if it is large enough.

Another drainage project was referred to the Street committee by the city's engineer, A. L.

Kraemer advised the city that it might want a larger line to permit lateral connections and suggested a city-state conference. The levee district has a 50-foot right-of-way along Primrose.

end of Lynch avenue, where water stands in backyards at homes. An easement straddles a city boundary line, and City Atty. Allen was asked to determine what steps are necessary for the city to grade the proposed area.

Concrete, Sidewalk Bids

Bids for ready mix concrete and for sidewalk and curb work were presented to the council by Alderman Sternberg, chairman of the Street committee.

The ready mix contract will go to A. H. Seebold, on a bid of \$13.95 for a cubic yard for a five-bag mix.

Seebold also was recommended by the committee for 1966 sidewalk replacement and new installation on a figure of an estimated \$26,300, based on past years' projects. The similar estimate for Skerle Concrete Co. was \$25,768. Sternberg said the committee was recommending Seebold because of the minor difference in the overall programs and that the city street department has had to do cleanup work after Skerle.

The council voted 16-0-3 against the committee recommendation and awarded the contract at the lower figure to Skerle by a vote of 11-6-2. Mayor Partney commented that it might become a task of the aldermen to police sidewalk and curb projects in their wards.

The work is to be carried out in the city's new fiscal year, starting May 1, and will include sidewalk and curb removal and replacement and installation of new sidewalks and curbing.

Major Street Study
A survey of major streets in the city for an Illinois Highway Study Commission program to determine needs of a municipality is being referred to the Highway committee of the Tri-Cities Chamber of Commerce. Sternberg said detailed forms are required to be completed for future planning by the state highway department.

Alderman Robertson requested a legal opinion on the city's authority and limitations for placing weight controls on arterial streets.

The Street committee was instructed to have heavy construction equipment traffic routed off Quincy street for several weeks to permit the foundation of street to dry following a recent water line break. First Ward Alderman Dallas also complained that a heavy boom crane being moved over Omaha street was cause of the pavement to crack.

The school district is to be required to install a fence at Marshfield school in the vicinity of Victory drive before the city grades the area which is city property.

Hepatitis Scare Waning At Stallings School

The hepatitis scare at Stallings school which resulted last week in demands by a group of mothers for state health inspections of the school and a determination of the source of the hepatitis infections apparently was eliminated Tuesday. Principal Edward Biznek reported that only one family was still keeping one pupil out of school.

Last week, absenteeism totaled 119 out of the school's 400 pupils, apparently through fear of mothers that origin of six cases of hepatitis reported among Stallings pupils was due to conditions at the school. There have been no additional outbreaks of the disease.

An agent of the Illinois Department of Public Health was present at the school Monday to answer questions of mothers. Biznek said between 30 and 35 mothers appeared at the school to ask questions of the health department representative who met individually with the mothers rather than in a general meeting session.

The health department representative also made a complete inspection of school facilities and reported "A-1 Conditions" in the school's cafeteria, sewerage and general cleanliness classifications, according to Biznek. Laboratory tests previously held that the water supply was pure. Development of six cases of hepatitis at Stallings school, along with reports that there were no other cases at any other school in the Granite City school districts, caused alarm in the area last week that resulted in several meetings of groups of mothers, most of whom blamed conditions at the school for the outbreak.

Daughter Born to Mr. & Mrs. Gary Sans Souci

Mr. and Mrs. Gary Sans Souci, 2116 Madison avenue, are announcing the birth of their first child, a daughter, Monday afternoon at St. Elizabeth Hospital. The new arrival, whose weight was eight pounds, nine and one-half ounces, has been named Nicole Ann.

Mrs. Sans Souci is the former Mary Ann Ryan, a daughter of Mrs. Edith Ryan, 2566 (rear) Iowa street. Mr. Sans Souci, a son of Mrs. Fern Sans Souci, 2123 Ohio avenue, is employed on the news staff of the Press-Record.

Alderman Parmley said the school district should take on the responsibility for the fence rather than the city.

Quad-City Jr. and Sr. Band Students to Play in County Festival at Highland Friday

Representatives from most Quad-City school bands will participate Friday in the Madison County Band Festival to be held at the Highland high school. Described by one local music educator as "a unique experience, especially for many of the younger band members," students from various communities will combine for a public concert at 7:30 Friday evening, in the Highland high school auditorium, under the direction of guest conductor, Professor Charles L. Emmmons, director of bands and orchestras at the University of Missouri.

Rehearsal sessions are scheduled for both the morning and afternoon hours, with junior high students to arrive in Highland at 8:45 a.m., senior high school band members at 10:30 a.m., and elementary students at 1 p.m.

Two performances by the Southern Illinois University and Percussion Ensembles will be observed by the festival participants during the day. A recreation period with dancing and pingpong also has been arranged prior to the dinner hour and evening concert.

Each of the high school units represented will appear at the concert in their individual school band uniforms, with the junior high school and elementary musicians to wear white shirts and blouses. Admission at the door will be 50 cents and 25 cents.

Selections to be Performed

Selections to be performed by the senior high school group, include "Finale from Symphony in E-flat," by Fauchet, arranged by Gillette; "Cathedral," by John Philip Sousa; "Elsie's Procession to Semper," by Wagner-Gallier; and "La Rosta," by Haenschchen, arranged by Cavas.

Junior high school bands will present "Highlights from Mary Poppins," by Sherman-Red; "Symphonic Overture," by Carter; "Sentry Boy," by Cavas; and "Ariana," by T. Meyers.

Four numbers also will be performed by the elementary groups, including "Concor," by Cannon; "Hallelujah and Glee Overture," by Humperdinck-Erickson; "We Know Cha-Cha," by Osterling; and "Salute to Brahms," by Kinyon.

'New India' of Religious, Social Freedom Emerging

India still is a country of "monkeys, snakes and the sacred cow," but in its new state of independence is developing as a "new India" in religious, social and educational freedom, members of the Granite City Rotary Club were told Tuesday afternoon in their regular weekly meeting in the YMCA.

In an outstanding descriptive discussion of conditions in India growing out of an entirely new outlook on life, Rev. B. H. Jackayya of Nagercoll, Kanyakumari, Madras State, South India, told the luncheon meeting of approximately 45 Rotarians that in spite of the still-existing state of poverty, starvation and illiteracy "there is a new spirit abroad" in his native land. In fact, he explained, changes in India today are so revolutionary and are developing so rapidly that "we can hardly see where we're going — economically, politically or socially."

Rev. Jackayya, an exchange missionary in this country who is due to return to his native India in July, said the people now have something they have experienced before, a constitution of the Republic of India which guarantees every individual a right to his own faith. But, he said, the intention of the state is not to support any particular religion in a land which has been beset with multiple religions. At the same time, neither does it support any particular religion.

New Religious Connotation

There is, consequently, a new connotation to religion, Rev. Jackayya said, a condition in which there is a lack of conflict between churches and between religions; a big change which means not a toleration but "an acceptance of our faith." In a like manner, he went on, social welfare has become an accepted phase of the government.

One of the most distinctive elements of change, he related, is

the movement to provide land for the poverty-stricken by obtaining it voluntarily from the wealthy landowners. Once contributed by the larger landowners, the land is presented to villagers as outright gifts; usually in smaller parcels of a few acres. Whatever the size, Rev. Jackayya explained, it is more than the poor ever could hope to attain in their own behalf.

With more than 800,000 villages in the land, this is a project that is vast in scope. It is being carried out by devoted individuals who go from village to village, call public meetings and ask the landowners what they are willing to contribute. In return for contributions, a prayer is offered for the contributor.

The greatest social change, he said, is in the status of women who previously were considered "the same as chattels," and for the most part as slaves. There were times when women were burned alive on funeral pyres with their deceased husbands, and this still occurs in some parts of the country in cases where women volunteer in accordance with religious beliefs.

Women Gain Rights

But, he pointed out, women generally now enjoy the same rights as men, are accepted in business, in colleges, in political posts and in job employment. It also is a "new India" in respect to foreign policy, Rev. Jackayya said. The people are beginning to accept more and more the Gandhi policy of non-violence and to reject the policy of violence of Red China.

Each group tries to strengthen itself against other groups with nearly all of the people still unaware of their own responsibility of unit.

The people of India appreciate the help the United States has given in money and food and in response to a question from the audience said that wheat and other supplies furnished by this

FREE CHEST X-RAYS being given personnel at St. Elizabeth Hospital yesterday through the mobile unit of the Madison County Tuberculosis Association. The mobile unit will be at Bellemore Village shopping center tomorrow and Saturday.

country reaches the people, although distribution is a problem. Rev. Jackayya said that about two and half percent of the Indian people are Christians, while Hinduism is the strongest religion in the land.

Asked about educational standards, he explained that school attendance now is compulsory

through the fifth grade, "but beyond that there are not many children in school."

Leaders

There is a greater demand for people of character now than at anytime in our history.

Some hate to admit it, but courtesy is a two-way street.

Real Happiness

People, while saving for old age, should remember to lay up a few pleasant thoughts.

Council Receives Tax Rate Data

Granite City council members were advised Monday night in a letter from County Clerk Eulalia Hotz that the city's tax levy for this year's collection of taxes will amount to \$1,212,370 with a 60.8-cent tax rate based on the 1965 assessed valuation of \$155,832,999.

Last year, the city's tax rate was 75.5 cents per \$100 assessed valuation. The reduction is due to this year's application of the Hodge-Butler tax limitation law which the state's attorney's office said must be enforced this year.

A breakdown of the levies and individual rates for each of the dozen sections for the 60.8-cent rate also was provided each alderman.

The breakdown follows: general government, 14.14 cents with a \$14,750 levy; garbage collection, 4.25 cents and \$4,085; public library, 6.91 cents and \$102,486; fire protection, 16 cents and \$248,000; police pension, 3.04 cents and \$45,000; firemen pension, 3.04 cents and \$45,000; retirement, 2.29 cents and \$34,000; civil defense, 6.8 mills and \$10,000; sewer maintenance, 1.34 cents and \$25,000; special streets, 6 cents and \$93,000; water supply, 1.35 cents and \$20,000; street lighting, 1.76 cent and \$26,000.

Custom of Colored Eggs Older than Christianity

When children search for colored eggs this Easter, they'll be renewing a custom far older than Christianity, records show.

Eggs represent the new life that returns to earth every spring—at the time of Easter. The custom of exchanging eggs as part of the celebration began in ancient times. The ancient Persians often dyed eggs in the colors of spring and gave them to their friends as gifts. Some early peoples believed that the earth had hatched from a giant egg.

The early Christians of Asia and other eastern lands exchanged eggs at Easter. They colored the eggs red.

Elaborate decoration became the rule in some eastern European lands. The Ukrainians are famous for their beautifully decorated Easter eggs. Each village makes its own design—fir trees, horses, priests' robes, flowers, bell towers, crosses, chapels, etc. Residents of Czechoslovakia, Poland, Lithuania, and other lands also are known for their highly decorated Easter eggs.

In England, friends often exchanged eggs at Easter, although nowadays these usually are chocolate eggs. The Irish break the long Lenten fast by eating eggs on Easter Monday.

Germany color eggs green on "Green Thursday"—the Thursday before Easter—and carry the eggs all day for good luck. On Easter Monday the young people have an egg-rolling contest.

In Italy, a priest blesses the eggs on Easter. The eggs occupy the center of the breakfast table, with other dishes arranged around them.

In The Netherlands, children go

Labor Urged to Take Part In U.S. Bond Sales Drive

Letters urging organized labor in the Quad-City area to participate to the fullest possible extent in the approaching U.S. Savings Bonds program were mailed early this week to all unions and labor officials by Edward Reiske, president of the Tri-City Trades and Labor Council.

The Savings Bond program will be conducted throughout the month of May, according to Henry Karandjeff, general chairman of the drive for Madison and St. Clair counties. Nicholas R. Brink, plant manager at A. O. Smith, Inc., is chairman of the Granite City phase of the drive which in this instance will concentrate on industry and business payroll deductions.

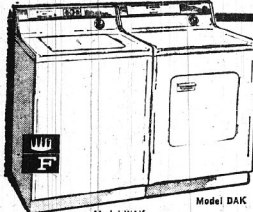

A series of area meetings is planned to complete detailed plans for the campaign. Representatives of industry and business firms will attend the sessions to discuss payroll deduction programs in their organizations. A meeting in Granite City is planned for April 6, with subsequent sessions in East St. Louis on April 12 and in Alton on April 14.

Since emphasis is to be placed on payroll deductions for purchase of savings bonds through the plans of the union members work, Reiske's letter pointed out that "no group of Americans has a greater stake in Democracy than the members of Organized Labor... conscious of this truth, we, as Americans worthy of the name, are dedicated to the defense of our free way of life in this great nation."

Reiske pointed out that this year's bond sales program will be the fiftieth of our country, every known as "The Star-Spangled American can do his part and 'save regularly for the security of themselves and their loved ones' through the purchase of U.S. savings bonds." Reiske added that "I am confident that all our affiliated locals will do their part by investing their funds in U.S. Savings Bonds and that every member will give his patriotic backing to this program so important to our nation, by signing up on the payroll savings program where he works."

The letter continued to urge members of labor unions to "save regularly for the security of themselves and their loved ones" through the purchase of U.S. savings bonds. Reiske added that "I am confident that all our affiliated locals will do their part by investing their funds in U.S. Savings Bonds and that every member will give his patriotic backing to this program so important to our nation, by signing up on the payroll savings program where he works."

Palm Sunday has been designated as membership Sunday at Niedringhaus Memorial Methodist Church. New members will be received in both the 8:30 and 10:40 a.m. services, with the Sacrament of Baptism administered at the 10:40 service. The confirmation class of boys and girls will be received into full membership.

The anthem for both services will be "Draw Nigh to Jerusalem" by David Williams. It will be sung by the combined Youth and Chancel Choirs under the direction of Warren Simpkins. The sermon topic will be "The Courageous Christ."

At 7:30 p.m. the combined choirs will present a program of sacred music in the sanctuary of the church when anthems will be sung by the Chancel and the Crusaders Choirs directed by Miss Diana. This and Mrs. James Loy. After the numbers by children choirs the Youth and Chancel Choirs under the direction of Mr. Simpkins will present "Tenebrae," a service narration and music for Holy Week. The gradual extinction of the candles during the service is accompanied by chorales chosen for their simplicity and appeal. "Tenebrae" is the Latin word meaning "shadows." The sanctuary is progressively darkened as the candles are extinguished. At the end, only one candle remains burning. The light is removed for a short time, symbolizing Christ's three days in the tomb. The light is then returned and spreads its light through the disciples symbolized by the choir.

Rev. Sims will narrate the part of the evangelist. Others taking part will be Don E. Rosland, Virgil Mobley, Ray Henley, James Williams Jr., Gerald Bushue, Lewis Bunch and John Lerch narrating the parts of Jesus, first Disciple, second Disciple, Judas, Peter, High Priest, and Centurion. Mrs. Russell West will be the organist and Mrs. Sims is in charge of arrangements.

Holy Week worship services will be held at the church each evening, Monday through Thursday at 7:30. On Monday, Tuesday and Wednesday the minister will deliver sermons under the general theme "They Met Me At Calvary," each sermon dealing with personalities involved in the Crucifixion. Each of these services will be concluded with a period of altar prayers in which the congregation will be invited to participate.

On Maundy Thursday evening, the Communion will be administered. The anthem for the service will be sung by the Youth and Chancel Choirs. The anthem will be "He Knew To Us" by Lovelace. Mr. Simpkins will direct the choir and Mrs. Russell West will be the organist. The Communion meditation by the minister will be "A Letter from Pontius Pilate."

EASTER BUNNY MAY HAVE BEEN EGYPTIAN RABBIT
The Easter bunny may originally have been an Egyptian rabbit. In ancient Egypt the rabbit symbolized birth and new life, and some ancient peoples considered it a symbol of the moon. The rabbit may have become an Easter symbol because the moon determines the date of Easter.

BY OTHER NAMES**
Although Easter is one of the most solemn Christian feasts, the names by which it is known often are not Christian at all. In France, Easter is called Paques; in Italy it is called Pasqua; and in Spanish-speaking nations it is called Pascua.
All three words are derived from the Hebrew word Pesach, which is the name for the Jewish feast of Passover. The English word, Easter, may have come from Eostre, a Teutonic goddess of spring, or from the Teutonic festival of spring called Eostur.

Union Good Friday Service To be at Downtown Church

The Union Good Friday Service, sponsored by the Quad-Cities Ministerial Association, will be held next week in the sanctuary of Niedringhaus Memorial Methodist Church from noon until 3 p.m.

Following the opening worship service, led by Rev. R. Paul Sims, pastor of the host church and president of the Association, ministers from the various churches will lead brief meditations on the words spoken by Christ while on the Cross.

In the opening worship, the anthems will be sung by an ensemble of high school students led by Warren Simpkins. In other sections of the service special music will be presented by the various churches of the Quad-Cities.

After the meditation on the first "Word," a brief interlude will be played between each section, allowing people to leave or enter the sanctuary.

Participating ministers will include Rev. Frank Pierce, Nameoki Methodist Church; Rev. James R. Graddock, Central Christian; Rev. Paul Surbey, St. John United Church of Christ; Rev. Phillip Burke, Good Shepherd Evangelical United Brethren Church; Rev. Keith Stanford, Suburban Baptist; Rev. Harry Colquhoun, Madison Presbyterian; and Rev. Boyd Wolverton, First Assembly of God Church.

Painting as Relaxing Hobby Described for GC Kiwanis

Amateur painting as a diversion to relax and relieve everyday tensions was discussed by Roy Graham, a member of the Granite City Kiwanis Club, who spoke Monday evening at the club's weekly dinner meeting, in the Rose Bowl restaurant. He illustrated his talk by showing examples of his own work and copies of different artistic styles.

Graham described the progress of his painting hobby from his initial efforts 12 months ago when he used a commercial type of sketched outline, to creating his own impressions on canvas, utilizing a brush and knife technique for a three dimension effect. Graham also compared works of the old masters with their precise style of painting definite objects, as opposed to modern art, most of which, he said, is left to the viewer's imagination.

Jelen, local president, expected to attend.

Plans also were made to attend Maundy Thursday noonday services to be given for local men's service organizations, at the United Presbyterian Church, and the Kiwanis District 14 "spring fellowship and ladies night," at St. John Evangelical Church, Collinsville, on April 13.

Those to represent the local club at the latter affair will be Mr. and Mrs. William Herman, Mr. and Mrs. Graham, Mr. and Mrs. Herbert Schannor, Mr. and Mrs. Marvin Barnes, Mr. and Mrs. Wolfe and Mr. and Mrs. Jelen.

Jelen appointed Lombardi and Barnes as co-chairmen for the Granite City Kiwanis Club's 20th anniversary party, to be celebrated May 9, with a special program and dinner.

Big Turnout Expected at Nameoki Twp. Annual Meeting

Avid interest in township affairs by a Nameoki township citizens' group, the Committee for Economic Improvement in Nameoki Township, is expected to fill the town hall for the annual meeting next Tuesday.

The township's 1966-67 proposed budget amounting to \$170,177 will be presented for final approval at the 7 p.m. meeting in the township office, 4250 Highway 162 at Stallings.

The overall budget is \$181 less than last year's.

Comparison with the 1965-66 budget of \$172,058 shows a reduction this year of \$375 for individual funds. However, an increase of \$184 in the township's contribution to the Illinois Municipal Retirement Fund eliminates a greater overall reduction.

Changes for Assessor

Two changes in the proposed budget nullify each other in the total operating cost. At the urging of township residents during last year's town meeting, salaries for deputy assessors were increased from \$2500 to \$4500. The salaries in the new budget are listed at the \$2500 figure. A \$2000 new item is included in the 1966-67 budget to set up permanent records for the township assessor.

A second major change involved an increase of \$500 for auditing service. The citizens' Committee for Economic Improvement in Nameoki Township recommended the change at the March 21 public hearing to finance an audit and managerial efficiency survey of township financial and operational procedures.

Proposed appropriations in the township's separate accounts, with the tentative 1966-67 budget and last year's figures listed in sequence, are as follows:

Town fund, \$45,020 and \$47,850; general assistance, \$27,045, same; road and bridge, \$46,065, same; permanent hard road fund, \$45,477, \$46,422; Illinois Municipal Retirement Fund contribution, \$7550 and \$5565.

Budget Breakdown

Expenses listed under town

fund, totaling, \$45,020, down \$2830, are:

Park Fountain Goes on Next Week

The Granite City park district will complete Saturday in the Illinois district band contest, to be held at the East Alton-junior high school. The 78-member instrumental group is entered in the contest for the 14th consecutive year.

Supr. Harold Brown said that the annual planting of flowers in the gardens at Wilson Park will not take place until around mid-May. The plants have been ordered.

"Right now, we're trying to get the ball diamonds in shape. What we're really working on are the practice diamonds, so that the teams can practice next week," Brown added.

Other services, total—\$3590, up \$950. Items listed show legal services, \$2100, same; rabies control, \$300, same; town inspectors, \$1000, same; auditing, \$1200, up \$150.

Madison Jr. HS Band To Compete Saturday

Madison junior high school band will compete Saturday in the Illinois district band contest, to be held at the East Alton-junior high school. The 78-member instrumental group is entered in the contest for the 14th consecutive year.

William Ledbetter, Madison band director, said today, the local youngsters will be competing this year against eight other junior high groups in the category. Among other determining factors, classification for competition is based on school population and band size. Bands receiving superior or first ratings in Saturday's contest, Ledbetter added, are then eligible to advance to the state finals at Salem, Ill., April 16.

Traffic Controls, 2 Parking Zones Ok'd by Council

Ordinances revising and establishing added traffic controls, creating a two-hour parking zone on 20th street at the Y.M.C.A. were approved Monday night by Granite City council members.

Stop signs are to be changed at 23rd and Adams streets with the stops to be removed from Adams street and a stop sign to be erected on 23rd street. The change back to the old arrangement was recommended by the citizens Traffic Study Commission.

Another ordinance calls for yield right-of-way signs to be placed on Buxton avenue at Victory drive and on Myrtle avenue at Victory drive.

The two-hour parking zone is to be on the west side of Delmar avenue for a distance of 50 feet north of 24th street in front of Amco Plumbing & Heating Co. The restriction applies between 8 a.m. and 5 p.m. daily except Saturdays and Sundays.

A fourth ordinance calls for removal of two parking meters on the north side of 20th street west of Edison avenue to permit buses to discharge and pick up passengers at the curb at the Y.M.C.A. Fines specified by the ordinances are not more than \$100 for stop and yield sign violations and \$5 to \$5 for parking zone violations.

A request also was received for a two-hour zone to be changed to a 30-minute restriction at 20th Madison avenue in front of a business office. An ordinance is to be prepared.

Driving Charge Filed

A careless driving charge was filed against Charles L. Gardner, 3212 Edgewood avenue, Monday at Garfield avenue and Nameoki road. He was summoned for a hearing by April 11.

TB X-Ray Units Scheduled In Area Friday, Saturday

The county-wide free chest x-ray program will continue in the Quad-City area this week with appearance of the Madison county tuberculosis society's mobile x-ray unit tomorrow and Saturday. The unit appeared today at the Venice police station from 9 a.m. until 1 p.m.

Tomorrow the unit will be at Bellemore Village shopping center from noon until 4 p.m. and from 5 to 9 p.m., and again Saturday at the Bellemore Village shopping center from 9 a.m. until noon and from 1 to 5 p.m.

On April 30, the spring campaign will conclude in this area with appearance of the x-ray unit at the Dairy Master, 516 Madison avenue, Madison, from 9:30 a.m. until 1 p.m. and from 2 to 5 p.m.

The mobile unit also is scheduled to visit local area plants before concluding this year's spring program. The unit will appear at the Nestle Co. today, and is to take x-rays at the Union Star & Refining Co. on April 28.

The unit will visit Southern Illinois University-Southwestern Campus, Alton Center, on April 19 from 9 a.m. to 1 p.m. and from 2 to 5 p.m., and at the new SU-SW Campus, on April 20 from 9 a.m. to 1 p.m. and 3 to 7 p.m.

Lions Club Breakfast Sunday in Madison

Madison Lions Club members will complete plans tonight for their "Sausage and Pancake Breakfast," to be given from 7 a.m. to 1 p.m. Sunday, at the Madison Memorial Center, 7th street and Lee avenue. The annual pre-Easter affair is open to the public, with tickets \$1 for adults and 50 cents for children under 12 years available at the door.

Avery Schermer is serving as breakfast chairman, assisted by Larry Paulkus, head chef; Lee Abernathy, serving; Jerry Zahn, hall arrangements and decorations; James Perdue, ticket sales; and Albert J. Love, service squad. Walter Gavlick is president of the club.

New Quarters For Draft Office

The county selective service office at Edwardsville is moving this weekend and starting next Monday will be located in the new federal building at Edwardsville, 132 North Kansas street — just around the corner from the present location on Hillsboro avenue.

The office will be closed tomorrow and the weekend for the move.

First group of Quad-Cityans to report to the new office will be 30 youths who are to be inducted on April 11. A group of 35 local youths is to report April 15 for pre-induction physical examinations.

Two Charges on File Against Man in Brawl

Edward Lee Rusick, 34, of 2393 Boyle avenue, was charged with aggravated battery and unlawful use of a weapon, a .45 caliber revolver, Tuesday morning following a tavern fracas in which a man and a policeman were injured Sunday night.

He was released on his own recognizance pending a hearing set for 2:30 p.m. next Thursday. Injured in the fracas at the Na-Bor-Hood Liquor store, 2530 Nameoki road, were Pat Johnson, 33, of 2844 Sunset avenue, who had a 1 1/2-inch scalp cut, and Erno Orgovan Jr., 23, of 2088 Kirkpatrick homes, who was struck on the head with the gun.

Advices European Tourists 'Get Off the Beaten Path'

Stanley Kimball, a member of Southern Illinois University-Southwestern Campus staff, has been in Europe 15 times in the past 17 years, and suggests that the tourist going abroad this summer get off the beaten track to learn at least a smattering of the language of the countries they will visit.

Kimball says that is the only way to fully enjoy a vacation in a foreign land. Kimball has conducted tours throughout Europe and has worked and studied behind the Iron Curtain on five trips since 1949.

PROF. STANLEY KIMBALL

In the major capitals, Kimball explains, the tourist won't have much of a problem because tourism is important to them and a good percentage of the people in the restaurants, hotels and shops speak English. The real satisfaction and the real learning experiences are not found in the commercialized tourist centers, but in the villages and provinces.

As an example, Kimball cites his research into the literary societies of the Slavic countries which are composed of scholars who band together to finance national publication of their works. To amass a collection of such works, Kimball visited bookstores wherever he found them, even in the smallest hamlets. His library of these publications is now more extensive than that of the University of Prague and equals the world's best collections at the University of Vienna.

Books Inexpensive

Most of these rare books were purchased for sums ranging from 25 to 50 cents. "They were ten times less expensive than in Berlin, and 25 times less expensive than they would be in this country," Kimball said.

Kimball speaks Czech, German and some French, and notes that tourists get to know very little about a country and its people if they know nothing about the language.

"It's amazing how much knowledge Central Europeans have about our country," Kimball said, adding that "it is very commonplace, for example, to get into a discussion of Gov. Romney's policies in Michigan."

On his first European trip, Kimball was employed by the Mormon church for 18 months in Prague. The Communist secret police frequently shadowed him, questioned him several times, and finally expelled him and his colleagues as "foreign agents."

But now that money is scarce, he said, tourists are greeted with open arms.

It used to be that aliens had to wait weeks and even months to get a visa to Prague," Kimball says, but now "you can get one in ten minutes."

Airman Pascoe Selected For Training In Texas

Airman William W. Pascoe, III, son of Mrs. Myrtle A. Pascoe of 2525 Sheridan avenue, has been selected for training at Sheppard AFB, Tex., as an Air Force aircraft maintenance specialist.

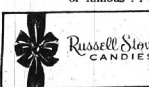

The airman, a 1964 graduate of Granite City high school, recently completed basic training at Lackland AFB, Tex. He attended Southwest Baptist College, Bolivar, Mo., and Hannibal La-Grange College, St. Louis.

\$85 or 16 Days in Jail

In Memoriam 33
In loving memory of MARION J. TINSLEY, March 31, 1905: One year has passed since that sad day. When the one I loved was called away. Called to a better home on high. Living now where one never dies. But the ever longing in my heart, Can't be filled since we had to part. Memories are dear, time can't erase. The picture of him and his smiling face. As the sun goes down at the end of day. Nights are so lonely and I silently pray. "God please" Give me strength to bear my sorrow. Lessen my loneliness with each tomorrow. Give me courage to smile through my tears. For by his memories he is always so near. Guide my footsteps in a righteous way. Then I'll meet him again someday. Sadly missed by — WIFE, CHILDREN, and GRANDCHILDREN 33-31

GARDEN SOIL CARE

Your garden soil needs care. The soil provides food and water to plants. If these materials are not available or if the soil in your garden is in poor physical condition—hard and crusty when dry, and sticky when wet—the plants will not grow and develop properly.

To promote good growth and development of your garden plants, prepare the soil before planting by adding organic matter, applying fertilizers, correcting acidity and plowing the seedbed properly. Then take care of the soil during the growing season by applying fertilizer and by side-dressing with fertilizer.

Improve soil tilth. A soil that is in good tilth, or physical condition, is loose and easy to work and has proper water-holding capacity, drainage and aeration. You can improve your garden's soil tilth by spreading organic matter such as manure or compost and working it into the soil before planting or by turning under a green-manure crop.

Fertilize the soil. The main elements applied through fertilizers are nitrogen, phosphorus and potassium. Trace or minor elements are very rarely needed in Illinois soils.

Spread the fertilizer over the garden and disk or rake it into the top four inches of soil before planting each crop. Or you can apply the fertilizer to the soil just before spading or plowing this spring, if you didn't get the job done last fall.

Plan to use a starter fertilizer when transplanting, to give your

VISITORS FROM ITALY at the Granite City Army Depot. The Italian officers also toured the Chain of Rocks canal locks. Left to right—Lt. Col. Bart Benedetti, escort-interpreter; Lt. Col. Giancarlo Gresti, office of the Chief of Staff of the Italian Army; Lt. Col. Aldo Borgheresi, section chief, transportation office, Army General Staff; Col. Charles B. Schweizer, depot commanding officer; Col. Luigi Schinaia, chief, studies, regulations, schools and materiel office Inspectorate of Engineers; Lt. Col. Alessandro Maggiora, organization office, Army General Staff; and Capt. Frank P. Bellipanni, local escort officer.

plants a faster start. Starter fertilizer is an all-soluble fertilizer high in phosphorus, such as 10-52-17 or 10-50-10. Mix two table-spoons of fertilizer in a gallon of water. When you transplant, place about one cup of the solution around the roots of each plant. If a regular starter fertilizer isn't available, mix one cup of 0-45-0 or similar fertilizer in 12 gallons of water and use one cup of solution for each plant.

Later in the season, the soil often needs more fertilizer, especially nitrogen. Plan to side-dress the fertilizer—band the fertilizer about four inches from the plant when leafy crops, greens and root crops are about half-grown and when tomatoes, peppers, beans, sweet corn and cucumbers begin to set fruit. Use 2.5 pounds of ammonium nitrate, two

pounds of urea or five pounds of nitrate of soda per 1000 square feet. Avoid getting dry fertilizer on plants, as it will injure them. Hoe the fertilizer into the soil surface.

Correct soil acidity. A slightly acid soil is best for growing most vegetables. If your soil is more acid than it should be, apply the recommended amount of lime. Add lime only if it is needed and avoid overliming.

Flow and prepare the seedbed properly. Plowing or spading can be done either in the spring or the fall. With fall plowing, the soil can be worked and planted earlier in the spring, but not so much cover crop can be grown as with spring plowing.

Do not plow or spade the soil when it is too wet. A good test is to squeeze a handful of soil in your hand. It should crumble and not feel sticky.

For small-seeded crops a smooth and finely pulverized surface insures easier planting, better germination and a more even stand. Heavy soils, low in organic matter, should not be worked to too fine a consistency because they tend to get hard and crusty, preventing emergence of seedlings.

Highest Producing Herds

The ten highest producing herds in the Madison County Dairy Herd Improvement Association in February were owned by Norman Henke, Leland Steiner, Waldo Keilbach, Elmer Hosto, Hilmer and Marlin Schoenbaum, Henry Zoelzer, Harold Klenke, Willard Blase, J. W. Autery and Vernon Becker.

The highest producing herd for the month was owned by Norman Henke. This herd consisted of 41 cows. The average production was 1.87 pounds butterfat and 47.8 pounds milk per day with an average butterfat test of 3.9 percent.

Officers of the Madison County Dairy Herd Improvement Association elected at the association's annual meeting last week, are Waldo Keilbach, Highland, president; Norman Henke, Staunton, vice-president; Leland Steiner, Highland, secretary-treasurer; and Rudy Kuttin, New Douglas and Vernon Warnecke, Pocahontas, directors.

Rabies Problems

Rabies is a problem throughout the year, although the chance of being bitten by a rabid animal are greatest during the spring and summer. Although the disease is most prevalent in wildlife during the late winter and early spring, domestic animals and man makes less contact with wildlife during cold weather.

A dairyman in the east part of the county lost a cow and a young heifer by rabies recently. It is believed they were bitten by a rabid skunk. The skunk came through the milk house while the dairyman was working there.

Human exposures to rabies have been greatly reduced through the vaccination of dogs as required by law. However, the increased number of rabid cats reported in 1965 indicates that the immune barrier may be seriously weakened unless cats are also vaccinated against rabies.

Horses and ponies should be vaccinated against equine encephalitis, or sleeping sickness before May. The disease is transmitted by insects that become prevalent during late spring. Outbreaks of encephalitis have been recorded in Illinois horses during the past three years.

Improving Corn Yield

Early planting, reduced tillage with adequate weed control, high plant populations and full-season hybrids all contribute to maximum corn yields. But most important, and enhancing all other

Granite City PRESS-RECORD

good practices of corn production, is adequate fertility.

Fertility includes plant food elements present in the soil as determined by soil tests and currently applied elements. Adequate fertility for maximum profitable yields differs with plant population, row spacing, type of hybrid and other controllable factors.

Good farm records are useful in budgeting the production and income needed to pay for improved dairy facilities. Differences in production and income help to explain why one dairy farmer can pay for new facilities in 10 years, while another cannot. Over a 10-year period, a price increase of 50 cents per hundredweight for milk would mean \$36,000 more income from a 60-cow herd that averages 12,000 pounds of milk per cow. Likewise, if milk was selling for \$4.00 per hundredweight, a 1500-pound increase in production per cow would yield the same increase in income.

Beat the St. Louisans to HOLIDAY SHORES

The dam is in, the water's 20 feet deep already, and you can get first choice of lots in newly-opened sections.

The season is about to start at Holiday Shores, the private lake community just north of Edwardsville, and you ought to see it now!

Holiday Lake is 20 feet deep right now and the dam will be ready for use by the time the weather turns warm to stay. Work has started on the clubhouse, marina, beaches, docks, and picnic areas around the 17 miles of picturesque shoreline.

More than 800 families have already guaranteed themselves hours and days of pure

delight this summer, by buying property at Holiday Shores. Some have started building homes. Others won't build for some time to come—but they still will have access to all of Holiday Shores' facilities. Now we're ready to open several new sections. If you come out this week, you can take your pick of lots in attractive areas on both sides of the lake—before we advertise them throughout the St. Louis area.

Furthermore, prices are bound to go up as the community develops. That's another good reason for you to drive out now, and reserve your lot.

St. Elizabeth Plans New Nurse Class

The advent of Medicare will make even more acute the current critical shortage of medical workers, Sister Mary Thomas, administrator of St. Elizabeth Hospital, said Wednesday. Although the Illinois Legislature has acted during the past two years to help alleviate the shortage of doctors and nurses, steps must be taken immediately to help overcome the deficiency, she pointed out.

Mrs. Shirley Wendel, RN, head nurse of the recovery room at St. Elizabeth Hospital, said that "as the need becomes greater those already in the medical profession must assist in finding if he knows the ropes."
